Employees' Retirement Board of Rhode Island
Meeting Minutes
Wednesday, September 16, 2026 – 9:30 a.m.
2nd Floor Conference Room,
50 Service Avenue, Warwick, RI, 2nd Floor Conference Room
Streamed via Zoom Webinar – Dial-in: +929 205 6099 (US)
Access Code 840 3093 0980
Link: https://treasury-ri-gov.zoom.us/j/84030930980

I. Chairperson Call to Order

The Meeting of the Retirement Board was called to order at 9:31 a.m.

Executive Director Andrew Roos was asked to call the roll, and the following members were present: General Treasurer James A. Diossa, Chair, Jean Rondeau, Mark A. Carruolo, Michael J. Cicerone, Jr., Joseph Codega, Jr., Matthew K. Howard, Yan Li, Elena Mertus, John R. Monse, Jr., William S. Murray, Andrew E. Nota; Alan G. Palazzo, and Sandra M. Paquette.

Also in attendance: Andrew Roos, Executive Director; Sean Fontes, Board Counsel; and Attorney Michael P. Robinson.

Michael J. Twohey was absent.

II. Approval of the Draft Regular Meeting Minutes and Executive Session Minutes of the August 12, 2026 Retirement Board Meeting

On motion duly made by Jean Rondeau and seconded by Alan Palazzo, it was:

VOTED: To approve the draft regular meeting minutes and executive session minutes of the August 12, 2026 retirement board meeting.

III. Chairperson's Report – *no updates*

IV. Executive Director's Report

Executive Director Roos stated that today's meeting will incorporate the FY2028 annual budget presentation by ERSRI's CFO Stacey F. Whitton, CPA, for discussion. The vote will be made during the Administration, Audit, Risk and Compliance Committee's report with a recommendation to this full Board by Chair Jean Rondeau.

<u>NASRA Report on Public Pension Asset Valuation Methods and Discussion of Timing of Annual Actuarial</u>

Executive Director Roos reminded the Board that the question of how and why actuarial valuations are specifically done with this Board was raised at the last meeting. Director Roos noted one of this System's strengths is dual governance, where a separate Board (he SIC) independently manages the investments of the system, and this Board reviews their budget. Director Roos referred to the State Investment Commission (SIC) book, which contains a

DRAFT

regular snapshot of the managed assets for this Board. He noted that predictability is an important component of the budget for our employer partners. He added that this is one reason why contribution rates are established 3 years in advance, so this information can be provided timely to the State's Office of Management and Budget (OMB). He discussed the annual actuarial valuation process and the coordination/multiple steps involved in preparing it. He noted that Ms. Whitton's staff starts collecting information from investment managers at the end of fiscal year, and that then ERSRI compiles fair market value in preparation for the annual audit. Mr. Eric Motta, ERSRI's Director of Retirement Business Systems, compiles the data for the actuary (GRS), who begin analyzing it after November 1st of each year. The Director outlined that the actuary runs the reports and submits them to ERSRI for review. Ultimately, draft valuations come before the Administration, Audit, Risk & Compliance Committee in early December, and are finally presented to this Board at the December meeting.

Mr. Palazzo questioned Director Roos about the overall funding of the plan and the smoothing methodology in place. Mr. Palazzo requested that the Board be provided with additional education in this area. Treasurer Diossa agreed and noted that there are plans for a joint meeting of the Board of Retirement and the State Investment Commission (SIC) for this reason.

Ms. Li questioned whether more risk management should be built into the investment process, and whether banding should be used, as some systems do. Director Roos explained that we do not have legislated requirements that the fair market value of the plan is within a specific mandated band, but noted that our valuations list the variances, even though ERSRI is not mandated to report on it.

Presentation of the FY 2028 Administrative and Investment Budget

Ms. Whitton delivered a presentation on the FY 2028 budget, and began by outlining the FY 2026 enacted budget versus what had actually been spent and noting the savings during FY 2026 that were due to timing issues. She highlighted what appears to be underspending in the category of IT System Support, which was connected to the Member Portal and Ariel Payroll upgrade. These projects were not completed in FY 2026 but will be paid in FY 2027.

In her FY 2028 presentation, Ms. Whitton highlighted the legal responsibilities of the Board and noted that the budget for the system cannot exceed 17.5 basis points of the fund's 5-year average value. It was noted that a recent NCPERS study stated that the national average among other retirement systems is 21.5 basis points, and she noted that ERSRI's expenses, at $15.5 million, are significantly lower.

Ms. Whitton discussed detail within separate categories that comprise the proposed budget, and began with *Personnel Costs* which include *Salaries Wages and Benefits* and includes a proposal for an additional FTE in the investment team at One Capitol Hill and one FTE at ERSRI for a compliance manager to coordinate with the legal team and executive management to assist with post-retirement employment, disability, and related

DRAFT

improvements. Personnel costs assume 3% COLA as a future wage growth estimate and includes projected overtime and benefits.

Ms. Whitton highlighted the category *Contractual/Purchase Services which* makes up 25% of the total budget, and includes legal expenses and actuarial services. Ms. Whitton said the largest amounts in the *Contractual Services* is IT expenses.

Ms. Whitton said the smallest category is the *Operating budget*—postage, which includes Board election mailings, Compass Newsletter, and 1099-R's. Under the *Occupancy Costs,* rentals for 50 Service Avenue, One Capitol Hill, which is handled through the DCAMM Office with the State, includes funds for security services and potential office relocation.

V. Approval of the August 2026 Pensions as Presented by ERSRI

On a motion duly made by Andrew E. Nota and seconded by William S. Murray, it was unanimously:

VOTED: To approve the August 2026 pensions as presented by ERSRI.

VI. Legal Counsel Report

ERSRI Board Counsel Sean Fontes from Patridge Snow and Hahn LLP informed the Board there was minimal activity on current litigation matters. He introduced former ERSRI Board Counsel Michael P. Robinson and informed the Board that Attorney Robinson will be presenting in Executive Session at today's meeting and to follow the necessary steps to go into Executive Session.

- Donna Nesselbush v. Employees' Retirement System of Rhode Island C.A. No. PC-2025-06831

A roll call was taken. The following voted Yea: General Treasurer James A. Diossa, Chair, Jean Rondeau, Mark A. Carruolo, Michael J. Cicerone, Jr., Joseph Codega, Jr., Matthew K. Howard, Yan Li, Elena Mertus, John R. Monse, Jr. William S. Murray, Andrew E. Nota, Alan G. Palazzo, Sandra M. Paquette and Dr. Laura Shawhughes. On a motion by William S. Murray and seconded by Matthew K. Howard, it was voted to enter into Executive Session.

[Executive Session]

The Retirement Board thereafter convened into executive session at 10:20 a.m.

[Return to Open Session]

The Retirement Board reconvened in public session at 10:41 a.m.

Board Counsel Fontes reported that there were three votes that took place in Executive Session, one being not to seek further appellate review of the Superior Court decision involving *Nesselbush v. Employees' Retirement System of Rhode Island*, C.A. No. PC-2025-06831. Attorney Fontes affirmed that there was a motion to seal the minutes and a motion to exit Executive Session.

DRAFT

VII. Committee Reports

Administration, Audit, Risk & Compliance Committee

- *Administration, Audit, Risk & Compliance Committee Recommendation and potential approval on the FY 2028 Budget*

Chair Jean Rondeau reported that the Committee met at 9:30 a.m. on September 9, 2026, to consider the FY 2028 budget. The Committee voted unanimously to recommend to the Full Board the approval of the budget as presented and asked for a motion to accept the recommendation of the Committee

On a motion duly made by Andrew Nota and seconded by Joseph Codega, Jr., it was unanimously:

VOTED: To approve the recommendation to the Full Board the approval of the FY 2028 budget as presented 2027

Disability Committee

The Disability Committee recommended the following disability applications for approval by the full Board as a result of its September 3 2026, meeting

Name	Membership Group	Type	Action
1. Kellie Young	State	Accidental	Approved at 50%
2. Kristin Beaulieu	Municipal	Accidental	Approved
3. Norman Pelletier	Municipal	Accidental	Approved
4. Jodi DiTroia-Eddy	State	Accidental	Approved at 50%
5. Gina De Angelis	Teacher	Ordinary	Approved
6. Pamela Kaczynski	Municipal	Ordinary	Approved
7. Kimberly White	State	Ordinary	Approved

On a motion duly made by Dr. Laura Shawhughes and seconded by Andrew E. Nota, it was:

VOTED: To approve the Disability Committee's recommendations on Item Number 5, of Thursday, September 3, 2026.

Michael J. Cicerone, Jr., recused.

On a motion duly made by Dr. Laura Shawhughes and seconded by Andrew E. Nota, it was:

VOTED: To approve the Disability Committee's recommendations on Item Numbers 1-4, 6 and 7 of Thursday, September 3, 2026.

DRAFT

VIII. Adjournment

There being no other business to come before the Board, on a motion by Jean Rondeau and seconded by Alan G. Palazzo, it was unanimously voted to adjourn the meeting at 10:45 a.m.

Respectfully submitted,

Andrew Roos
Executive Director

6. Legal Counsel Report

For Report

ERSRI REPORT ON LEGAL PROCEEDINGS
As of October 1, 2026

PART I: COURT PROCEEDINGS

CASE CAPTION AND SUMMARY	PROCEDURAL OR SUBSTANTIVE UPDATES SINCE LAST REPORT	IMPORTANT DATES
Retirement Board v. Rachel Arruda Providence County Superior Court; C.A. No. PC-2014-6174 This is an action to revoke or reduce Ms. Arruda's pension pursuant to the Public Employee Pension Revocation and Reduction Act. Ms. Arruda, a former employee of the City of Woonsocket, pled *nolo contendere* to a felony charge related to conversion of funds in connection with her municipal employment. At a hearing on January 29, 2015, Arruda stipulated to the suspension of her pension pending adjudication of the action. On May 1, 2024, a hearing was conducted pursuant to R.I.G.L. § 9-8-5. ERSRI advised the Court that this matter is being actively pursued and the matter was ordered to remain open. New counsel enters an appearance, and former counsel withdraws their appearance on behalf of ERSRI.		**Latest Dates:** **Upcoming Dates:** • No new dates.
Michael Cabral v. Employees' Retirement System of Rhode Island Workers' Compensation Court; 202506580 Petitioner, a City of Cranston firefighter, appeals the denial of his application for an Accidental Disability Retirement pursuant to R.I.G.L. § 45-21.2-9. ERSRI filed its Designation of Administrative Record. On November 4, 2025, the parties appeared before Judge Reynolds, who denied the claim and Plaintiff	**1. The parties filed a stipulation to postpone hearing before the Workers' Compensation Court to November 10, 2026 to allow parties to take depositions of three physicians.**	**Latest Dates:** **September 23, 2026** • The parties filed a stipulation to postpone hearing to November 10, 2026. **Upcoming Dates:** **November 11, 2026** • The parties are scheduled to reappear before the Workers' Compensation Court

subsequently filed a Claim for Trial. The Court asked for briefing on the timeliness issue before proceeding with the remainder of the claim. On February 5, 2026, ERSRI filed a Motion to Partially Dismiss. Cabral filed an objection thereto and ERSRI filed a reply memorandum. On April 28, 2026, the Court denied ERSRI's partial motion to dismiss without prejudice to re-argue at a trial on the merits. Cabral filed a motion in limine regarding introduction of post-application medical records on May 26, 2026. A hearing thereon was held on July 23, 2026. The Court granted the motion and deemed the records relevant. New counsel enters an appearance, and former counsel withdraws their appearance on behalf of ERSRI. The parties appeared before the Workers' Compensation Court for a Status Conference regarding scheduling physician depositions.		regarding for hearing and to report to the court the status of the physician depositions.
Richard P. D'Addario v. Employees' Retirement System of Rhode Island and Rhode Island State Employees' Retirement Board **Providence Superior Court; C.A. No. PC-2019-10351** Plaintiff, a probate judge in the Town of Tiverton, appeals from the Retirement Board's determination that he is not eligible for membership in the Retirement System. The Designation of Record and Answer have been filed with the Court. New counsel enters an appearance, and former counsel withdraws their appearance on behalf of ERSRI.		**Latest Dates:** **Upcoming Dates:** • No new dates.
Debra DeLuca v. Town of Scituate, by and through its Treasurer, Theodore J. Przybyla et al.; Providence County		**Latest Dates:** **Upcoming Dates:**

Superior Court; C.A. No. PC-2026-2223 According to her complaint for declaratory relief, Plaintiff has been a Certified Occupational Therapy Assistant for the Northwest Special Education Region ("NSER") since July 1999. Plaintiff alleges that the NSER was never incorporated and that the Town of Scituate acted as the fiscal agent and employer of NSER employees until June 2025. Through June 2025, Plaintiff was told that NSER employees were not eligible to be treated as members of MERS. In June 2025, the Foster-Glocester Regional School District assumed the role of fiscal agent and employer of NSER employees. Since June 2025, Plaintiff has been included as a member of MERS. Plaintiff seeks a declaration that she was a member of MERS from her date of hire by the NSER. The complaint was filed on April 28, 2026. MERS filed a Motion to Dismiss on June 15, 2026, in part joining the Municipal Defendants' Motion to Dismiss which was filed on June 4, 2026. The Plaintiff filed an objection on July 5, 2026. A hearing on the Motion to Dismiss is scheduled for October 13, 2026. New counsel enters an appearance, and former counsel withdraws their appearance on behalf of ERSRI.		**October 13, 2026** • A hearing on the Motion to Dismiss is scheduled
The Retirement Board of the Employees' Retirement System of the State of Rhode Island v. Shanice In; Providence County Superior Court; C.A. No. PC-2020-07704 This is an action to revoke or reduce Defendant, Shanice In's pension pursuant to the Public Employee Pension Revocation and Reduction Act. Ms. In, a former Clerk for the Bureau of Criminal Identification		**<u>Latest Dates</u>:** **<u>Upcoming Dates</u>:** • No new dates.

Department for the State of Rhode Island, pled *nolo contendere* to felony charges related to illegally tampering with records at the Attorney General's BCI Office for the purpose of fraudulently clearing the criminal records of other individuals. Ms. In was served on July 14, 2021. The Court granted ERSRI's application for default for Ms. In's failure to answer the Complaint. New counsel enters an appearance, and former counsel withdraws their appearance on behalf of ERSRI.		
Employees' Retirement System of Rhode Island v. Thomas McSoley, Marlene A. Palumbo, and Michael E. McSoley.; Providence Superior Court; C.A. No. PC-2016-1144 ERSRI brought suit to recover monies overpaid to a direct deposit account of Thomas McSoley, following his death in 2011. The defendants are believed to be joint account holders with the decedent. ERSRI effectuated service of process, and sought an injunction preventing the defendants from accessing or withdrawing the funds. On March 18, 2016, the parties entered into a Consent Order that restrains the defendants from accessing, withdrawing, encumbering, or otherwise spending or disposing of the funds on account until further order of the Court. ERSRI filed an Application for Entry of Default against Defendants Michael McSolely and Marlene Palumbo, and default was entered as to Michael McSolely on March 14, 2024. New counsel enters an appearance, and former counsel withdraws their appearance on behalf of ERSRI.		**Latest Dates:** **Upcoming Dates:** • No new dates.

Retirement Board v. Ambulai Sheku; Providence County Superior Court; C.A. No. PC-2017-3146 This is an action to revoke or reduce Mr. Sheku's pension pursuant to the Public Employee Pension Revocation and Reduction Act. Mr. Sheku, a former employee of the Rhode Island Department of Labor and Training, pled guilty to charges of conspiracy to commit mail fraud, theft of government funds, and accessing a protected computer to commit fraud, all in connection with his public employment. Mr. Sheku has been defaulted for failure to respond to the Complaint. On May 1, 2024, a hearing was conducted pursuant to R.I.G.L. § 9-8-5. ERSRI advised the Court that this matter is being actively pursued and the matter was ordered to remain open. New counsel, Sean M. Fontes, enters an appearance, and former counsel, Patrick McBurney, withdraws his appearance on behalf of ERSRI.	**1. Attorney Patrick McBurney enters an appearance, and attorney Sean M. Fontes withdraws appearance on behalf of ERSRI due to a conflict of interest.**	**Latest Dates:** **September 14, 2026** • McBurney, Patrick entered a entered an Appearance as new counsel for ERSRI. **September 16, 2026** • Fontes, Sean Withdrawal of Appearance as counsel for ERSRI. **Upcoming Dates:** • No new dates.

PART II: ADMINISTRATIVE HEARINGS

CASE CAPTION AND SUMMARY	PROCEDURAL OR SUBSTANTIVE UPDATES SINCE LAST REPORT	IMPORTANT DATES
Peasley, Clifton This matter involves a Providence Public School Department (PPSD) employee who filed a appeal, in September 2025, of the ERSRI's denial of the petitioner's request to purchase four years of service credit for a period during which he was suspended without pay from PPSD. The appeal is related to underlying collective bargaining grievance arbitration proceedings involving the Petitioner, Petitioner's union, the Providence Teachers Union (PTU), and the PPSD concerning the Petitioner's suspension. The outcome of the arbitration proceedings are expected to impact the ERSRI appeal. The ERSRI hearing officer has therefore held the matter in abeyance pending resolution of the arbitration proceedings. New counsel entered an Appearance and attended a status conference before Hearing Officer Marcassio. Counsel for the PPSD and the Petitioner advised that that the parties have underlying arbitration appeals currently pending. By agreement of all parties, the matter will continue to be held in abeyance until those arbitration appeals are decided.		**Latest Dates:** **Upcoming Dates:** **October 6, 2026** • Status conference before Hearing Officer Marcassio.

EMPLOYEES' RETIREMENT SYSTEM OF THE STATE OF RHODE ISLAND
REPORT AS OF OCTOBER 2026
ON LITIGATED MATTERS FILED BY OR AGAINST ERSRI

(PANNONE DEVEREAUX & O'GARA)

The Retirement Board of the Employees' Retirement System of the State of Rhode Island v. Paul LaFrance
Providence County Superior Court; C.A. No. PC-2016-1524

This is an action to revoke or reduce Mr. LaFrance's pension pursuant to the Public Employee Pension Revocation and Reduction Act. Mr. LaFrance, a former teacher for the Warwick School Department, pled *nolo contendere* to felony charges related to third degree sexual assault of a student. An Answer to the Complaint has been filed, and the parties are engaged in discovery. The depositions of Mr. LaFrance and his wife, who is asserting a claim to some or all of his pension benefits as an innocent spouse, were conducted on November 16, 2023. On May 1, 2024, a hearing was conducted pursuant to R.I.G.L. § 9-8-5. ERSRI advised the Court that this matter is being actively pursued and the matter was ordered to remain open. ERSRI has requested supplemental documentation from Mr. LaFrance and Mrs. LaFrance in support of their innocent spouse claim. This matter was assigned to Judge Raspallo. On December 18, 2025, ERSRI filed a Motion for Partial Summary Judgment. An objection was filed on January 14, 2026. A hearing on the Motion for Partial Summary Judgment occurred on June 4, 2026, and the Court granted the Motion. **No update.**

The Retirement Board of the Employee's Retirement System of the State of Rhode Island v. Charles Pearson
Providence County Superior Court; C.A. No. PC-2024-00941; SU-2025-0256-A

This is an action to revoke or reduce Defendant's pension pursuant to the Public Employee Pension Revocation and Reduction Act. Defendant, a former teacher employed by the State of Rhode Island Department of Children, Youth, and Families Training School and the Cranston School District, pled *nolo contendere* to several felony charges related to second-degree sexual assault of students at Cranston High School West. ERSRI filed a Motion for a Show Cause Order seeking to compel Defendant to show cause as to why any retirement or other benefit to which he is otherwise entitled should not be withheld pending adjudication of this action. Mr. Pearson answered the Complaint, and a Consent Order was entered on March 25, 2024, in which he agreed to the suspension of his retirement and other benefits pending adjudication of the action. Mr. Pearson served a subpoena on the Cranston School Department seeking his personnel file and the records have been produced. Mr. Pearson filed a motion for summary judgment as to the applicability of PEPRRA to the charges that he pled *nolo contendere*. ERSRI filed its objection to the motion on February 28, 2025. Oral argument on the motion for summary judgment took place on April 9, 2025. The parties also filed supplemental briefs after the hearing. On April 30, 2025, Judge Christopher Smith determined that the language of PEPRRA was ambiguous, and applying rules of statutory construction to arrive at the intent of the General Assembly, determined

that PEPRRA was not intended to capture felonies such as second degree sexual assault. As of the drafting of this update, an Order has not yet entered on Judge Smith's decision. On July 24, 2025, ERSRI filed an appeal to the Rhode Island Supreme Court. The appeal has been docketed. ERSRI's Rule 12A Statement is due October 9, 2025. The matter was also terminated from the Supreme Court's Mediation Program, as the Mediation Program determined it was not a case amenable to mediation. ERSRI submitted its Rule 12A Statement on November 7, 2025. Pearson's Rule 12A Counterstatement was filed on January 5, 2026. A Rule 12A Conference was held on March 6, 2026. The matter was assigned to the Show Cause calendar. ERSRI filed its Supplemental Rule 12A statement on March 26, 2026. Pearson's Supplemental Statement was filed May 18, 2026. **This case was assigned for oral argument on November 5, 2026.**

Patricia Dubois v. Employee's Retirement System of Rhode Island
Providence County Superior Court; C.A. No. PC-2024-00731; SU-2025-0367-MP

Plaintiff, a retired Superintendent of the Glocester School Department, appeals the Retirement Board's decision which found that her retirement benefit was appropriately suspended for time that she engaged in post-retirement employment as a superintendent. ERSRI has answered the Complaint and filed the Designation of Record of Administrative Appeal. Both parties' memoranda have been filed and the matter is in the process of being assigned to a justice of the superior court for decision. The matter was assigned to Judge Lanphear for decision. On October 27, 2025, Judge Lanphear issued a written decision upholding and affirming the decision of the Retirement Board. On November 6, 2025, Final Judgment was entered by the Superior Court. On November 28, 2025, Dubois filed a Petition for Issuance of a Writ of Certiorari in the Supreme Court. ERSRI's opposition to the Petition was filed on December 17, 2025. Petitioner did not file a reply memorandum. On February 16, 2026, the Supreme Court granted Petitioner's Writ of Certiorari. Petitioner's Rule 12A Statement of the Case was filed on March 31, 2026. Respondent's Rule 12A Counterstatement was filed on May 15, 2026. **The matter is scheduled for a Rule 12A conference on October 20, 2026.**

West Warwick Public Employees' Retiree Coalition, Donna M. Sousa, and Suzanne G. Sousa v. Municipal Employees' Retirement System of the State of Rhode Island et al.
Providence County Superior Court; C.A. No. PC-2024-4229

Plaintiffs, a retiree coalition and two widows of former employees of the Town of West Warwick, filed this Declaratory Judgment action seeking interpretation and enforcement of a Final and Consent Judgment entered in the matter of *Peter A. Appolonio, et al. v. Town of West Warwick, et al.*, KC-2012-1000 (the "Appolonio Judgment"). The *Appolonio Judgment* was entered on July 16, 2014. Plaintiffs allege that the widows' pension benefits have been reduced in violation of the *Appolonio Judgment*. Though the Retirement System was not a party to the *Appolonio Judgment*, the Plaintiffs allege that the Retirement System is now legally required to enforce the terms of the *Appolonio Judgment*. Plaintiffs have issued discovery requests; MERS is in the process of responding to said requests and has obtained the necessary extension from Plaintiffs to respond. **The matter is scheduled for hearing on October 20, 2026.**

Retirement Board v. Ambulai Sheku
Providence County Superior Court; C.A. No. PC-2017-3146

This is an action to revoke or reduce Mr. Sheku's pension pursuant to the Public Employee Pension Revocation and Reduction Act. Mr. Sheku, a former employee of the Rhode Island Department of Labor and Training, pled guilty to charges of conspiracy to commit mail fraud, theft of government funds, and accessing a protected computer to commit fraud, all in connection with his public employment. Mr. Sheku has been defaulted for failure to respond to the Complaint. On May 1, 2024, a hearing was conducted pursuant to R.I.G.L. § 9-8-5. ERSRI advised the Court that this matter is being actively pursued and the matter was ordered to remain open. **No update.**

EMPLOYEES' RETIREMENT SYSTEM OF THE STATE OF RHODE ISLAND
REPORT AS OF OCTOBER 2026
ON LITIGATED MATTERS FILED BY OR AGAINST ERSRI

I. MATTERS BEING HANDLED BY SAVAGE LAW PARTNERS, LLP

Sean O'Connell v. Retirement Board, Employees' Retirement System of the State of Rhode Island; Frank J. Karpinski, Executive Director, Employees' Retirement System of the State of Rhode Island; James A. Diossa, Chairman of the Retirement Board, Employees' Retirement System of the State of Rhode Island.

Providence County Superior Court; PC-2023-03076

No change. Plaintiff, a Deputy Sheriff with the Rhode Island Department of Public Safety, Division of Sheriffs, appeals ERSRI's denial of his Application for Accidental Retirement pursuant to R.I. Gen. Laws § 36-10-14. On March 16, 2026, the Supreme Court issued a decision holding that the Workers' Compensation Court lacked subject matter jurisdiction to entertain Mr. O'Connell's appeal. The Workers' Compensation Court proceedings have now been dismissed, and Mr. O'Connell is proceeding with his appeal solely in the Superior Court pursuant to the Administrative Procedures Act. The parties are briefing the issues on appeal.

Donna Nesselbush v. Employees' Retirement System of Rhode Island.

Providence County Superior Court; PC-2025-06831.

Change. Donna Nesselbush challenges the decision of the Retirement Board to deny her claim for membership in MERS, based on a finding that she did not work the necessary number of hours per week as a Pawtucket Municipal Court judge. The Designation of Record of Administrative Appeal has been filed with the Court. On September 9, 2026, Justice Cruise issued a decision reversing the decision of the Board and granting the requested pension, deeming Ms. Nesselbush an employee for purposes of membership in MERS. **An Order reflecting the Decision has been submitted to the Court, but has not yet been entered. Once entered, this matter will be removed from future litigation reports.**

ERSRI Employees' Retirement System of Rhode Island

ERSRI Memorandum

Date: October 9, 2026

To: Retirement Board

From: Andrew Roos, Executive Director

Subject: Post Retirement Employment Reports

Enclosed are the listings of reported retirees working under the various post-retirement employment statutes.

For the K-12 schools and municipalities, the column *Number of Days* lists the up-to-date totals of working days provided by the agency(ies) to ERSRI.

A retired member who returned to work as a substitute teacher is indicated by a *Title/Function* column as *PRSB*.

A retired member who returned to work as an administrator, guidance counselor, or other certified position in a school department, and is working in a vacant position is labeled in the *Title/Function* column as *PRAM*. Certification letters (good faith letters) need to be provided by the agency and forwarded to ERSRI consistent with RIGL §16-16-24.

Municipal retirees returning to work in a school system are indicated in the *Title/Function* column as *PRMS*. Municipal retirees returning to work for a participating city/town are indicated by a *Title/Function* column as *PRME*.

For the state colleges/universities (recently included Driver's Education Report, (the column *Earnings* (gross) lists the up-to-date dollar earnings.

If a retired member is returning to work for the purpose of providing classroom instruction, academic advising of students and/or coaching, that is labeled in *Title/Function* column as *PRIS*.

If a retired member is returning to work for the purpose of providing classroom instruction in driver education courses and/or motorcycle driver education courses, that is labeled in *Title/Function* as *PRDE*.

State Investment Commission
Monthly Meeting Minutes
Wednesday, August 26, 2026
9:30 a.m.
Executive Conference Room, Department of Administration

[dial-in: +1 312 626 6799; Webinar ID: (879 8319 7647); link: [(https://bit.ly/3TYAOyJ)]

A Monthly Meeting of the State Investment Commission ("SIC") was called to order at 9:30 AM, Wednesday, August 26, 2026, in the Executive Conference Room, Department of Administration.

I. Roll Call of Members

The following members were present: Ms. Andrew Roos, Ms. Karen Hammond, Mr. Michael Costello, Ms. Karen Hazard, Ms. Susan Chung, Mr. Thomas Fay, Mr. Al Cumplido, and Treasurer James A. Diossa.

Also in attendance: Mr. Barry Gallup Jr. and Mr. Greg Charte, TJC; Mr. Mike Elio, Mr. Connor Mellen, and Melissa Santaniello, StepStone; Mr. Colin Bebee, Mr. Steve Voss, and Ms. Isabella Gentile, Meketa; Mr. Christopher Cassara, Partridge Snow & Hahn, legal counsel; Mr. Justin Maistrow, Chief Investment Officer; and other members of the Treasurer's Staff.

Treasurer Diossa called the meeting to order at 9:30 AM.

II. Approval of Minutes

On a motion by Ms. Karen Hazard and seconded by Mr. Al Cumplido, it was unanimously **VOTED: to approve the draft meeting minutes of the June 24, 2026 meeting of the State Investment Commission.**

III. Private Equity Recommendation, TJC Resolute Fund VII

Mr. Peter Coleman, Investment Officer, presented a recommendation for a commitment to TJC Resolute Fund VII. Mr. Coleman described TJC as an established US middle-market buyout manager founded in 1982. He highlighted the firm's highly cohesive, homegrown senior team and its robust, pre-and-post-execution integrated Operations Management Group, which was established in 1988. He noted the commitment is consistent with the 2026 pacing plan and would broaden the portfolio's US middle-market buyout exposure. Mr. Coleman flagged key considerations including the fund's size step-up to an $8.5 billion target, its largely unrealized recent portfolios, and its sector-diversified strategy.

Mr. Barry Gallup and Mr. Greg Chardy, TJC, provided an overview of the firm and Resolute Fund VII. Mr. Gallup emphasized that TJC is 100% employee-owned and strictly focused on a single strategy: US middle-market buyouts. He explained their investment philosophy of buying solid, fundamental companies with operational deficiencies and making them better, rather than chasing expensive "trophy assets". Mr. Gallup highlighted their strict focus on downside protection and

conservative leverage discipline.

The Board engaged in a discussion regarding long-term hold periods, the distribution profile of newer vintage funds, team capacity, and senior leadership board promotions following their team growth since 2023.

Mr. Connor Mellen and Mr. Michael Elio, StepStone, summarized their due diligence, expressing strong support for the recommendation. Mr. Mellen highlighted TJC's homegrown talent, consistent returns, and unique ability to source transactions at attractive entry multiples. He noted that the primary debate at StepStone's Investment Committee was the fund size step-up but concluded it was well-mitigated by the firm's proactive team expansion and realization pipelines. StepStone also commended TJC's concrete progress in hiring diverse professionals at the junior and mid-levels since their 2012–2013 leadership transition.

The Board asked questions.

On a motion by Mr. Al Cumplido and seconded by Mr. Michael Costello, it was unanimously **VOTED: that (A) the Rhode Island Employees' Retirement Systems Pooled Trust make a commitment of up to $75 million to TJC Resolute Rund VII; and (B) that the Rhode Island OPEB System Trust make a commitment of up to $2 million to TJC Resolute Rund VII; in each of the foregoing cases (A) and (B), subject to legal and investment staff review.**

IV. Benchmark Review and IPS Update

Mr. Colin Bebee, Mr. Steve Voss, and Ms. Isabella Gentile, Meketa, presented a comprehensive review of the plan's benchmarks and proposed updates to the Investment Policy Statement (IPS), representing the final step of the annual Asset Liability Study.

Mr. Bebee recommended recalibrating the plan's high-level Reference Benchmark from a 60/40 global equity/bond mix to a 70/30 mix to properly risk-match the portfolio's actual asset allocation. He explained that a 60/40 index understates the portfolio's true risk because many non-equity asset classes carry substantial equity beta.

The Board engaged in a thorough discussion noting that recent strategic asset allocation shifts were intended to reduce risk. Meketa clarified that shifting the reference benchmark is a rightsizing reporting exercise that does not alter the portfolio's actual risk posture.

Ms. Isabella Gentile presented three specific asset class benchmark changes, to be effective January 1, 2027.

Mr. Steve Voss reviewed the redlined IPS document, which incorporates benchmarking updates and the structural asset allocation targets approved at the June 24th meeting. Modernizations to the IPS include structural formatting improvements, formalized reporting language, and clarifying the Board's fiduciary duty to select the proxy voting advisor.

The Board asked questions.

On a motion by Mr. Michael Costello and seconded by Ms. Karen Hammond, it was unanimously

VOTED: to approve the proposed changes to the Defined Benefit IPS.

V. Legal Counsel Report

There was no legal counsel report.

VI. Chief Investment Officer Report

Mr. Justin Maistrow, Chief Investment Officer, reported on the plan's performance for the fiscal year ending June 30, 2026. Mr. Maistrow noted that performance was driven by the plan's public growth exposure. He explained that volatility protection underperformed its benchmark due to the low-beta nature of the Absolute Return portfolio during an equity surge. He then reviewed the public fund peer universe for the fiscal year.

The Board requested that Meketa compile a peer risk-return chart for next month's meeting to evaluate long-term performance relative to risk.

VII. Treasurer's General Comments

Treasurer Diossa asked if there were any further comments or questions and thanked the Board and Staff.

The meeting was adjourned at 11:11 AM.

Respectfully submitted,

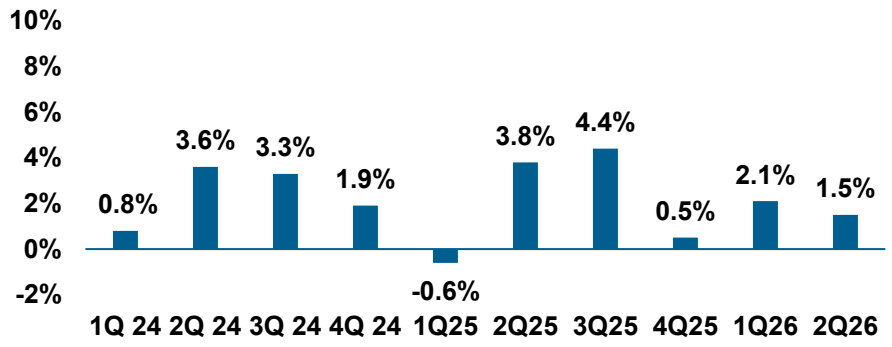

James A. Diossa,
General Treasurer

DRAFT

ECONOMIC AND MARKET UPDATE

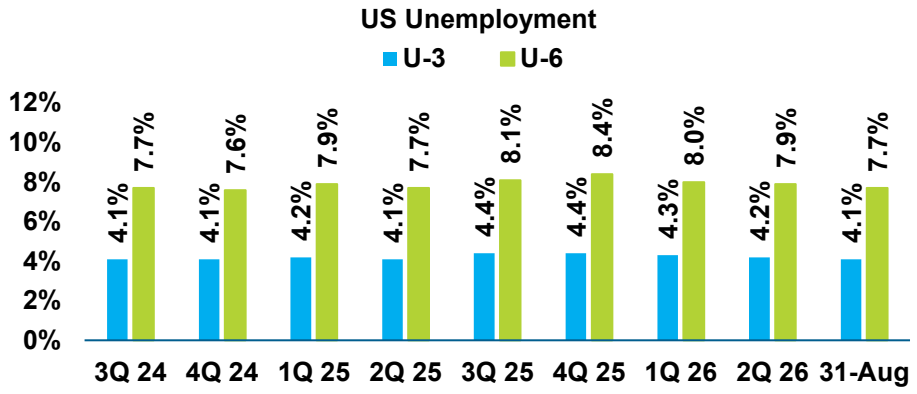

Economic and Market Update

Quarterly Real GDP (Annualized)

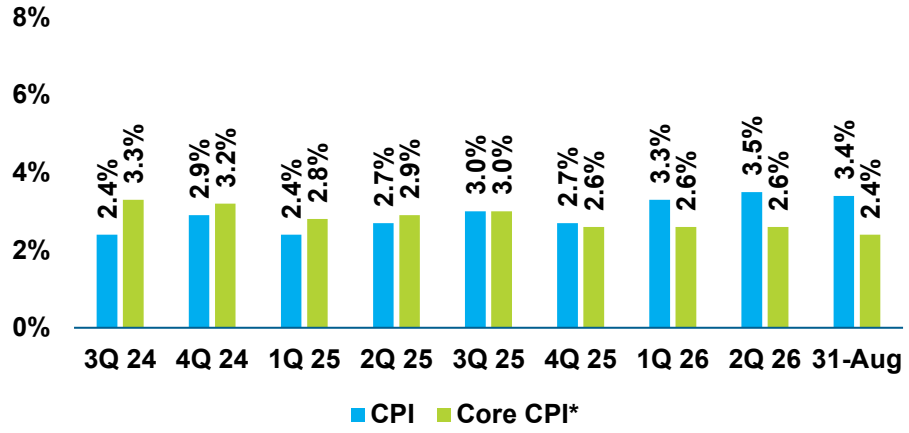

Source: Bureau of Economics Analysis. Data as of 2Q 2026 represents the "Second" estimate. The Q2 2026 "Third" estimate will be released on September 30, 2026.

US Unemployment

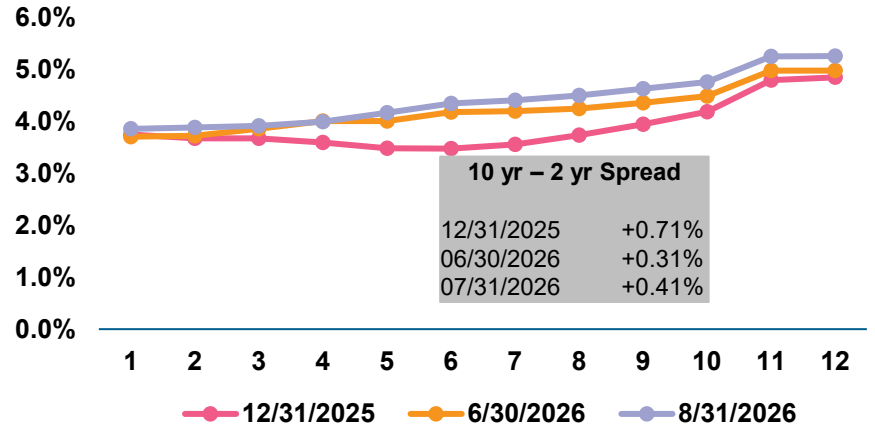

Source: Bureau of Labor Statistics. Data as of August 31, 2026. Seasonally adjusted.
U-3 = Total US unemployed, as a percent of the civilian labor forces (official unemployment rate).
U-6 = Total unemployed, plus all persons marginally attached to the labor force, plus total employed part time for economic reasons, as a percent of the civilian labor force plus all persons marginally attached to the labor force.

US Inflation Trailing 12 Months

Source: Bureau of Labor Statistics. Data is non-seasonally adjusted CPI, which may be volatile in the short-term. Data as August 31, 2026.
* Core CPI excludes Food and Energy.

US Yield Curve

SG Trend Index	2.77	1.62	22.83	4.59	7.42

Commentary:

- → Global equities advanced broadly in August, with US, developed international, and emerging markets all positing gains.
- → Within US Equities, a rotation back to growth stocks and an expansion in the technology sector generated the majority of the S&P 500's monthly gain.
- → Developed international and emerging markets equities also advanced, supported by a weaker US dollar.
- → Fixed income was positive across sectors in August. Corporate bonds outperformed as high yield spreads narrowed to a 12-month low, while credit-sensitive sectors and longer-duration Treasuries also advanced due to rising yields.
- → Diversifying asset classes also advanced.
  - Core Real Estate was down 0.56%.
  - Hedge Funds also advanced, with the HFRI Fund of Funds Composite index up 0.60% and the SG Trend index up 2.77%.

TOTAL FUND OVERVIEW

Total Portfolio Summary

The State of Rhode Island Pension Plan had an aggregate value of $13.7 billion, and the OPEB Portfolio had an aggregate value of $852.2 million as of August 31, 2026.

- → The Pension Plan increased by $1.1 billion during the year-to-date period and increased by $1.6 billion during the last 12-month period.
- → The OPEB Portfolio increased by $57.8 million during the year-to-date period and increased by $90.6 million during the last 12-month period.

Asset Allocation Trends

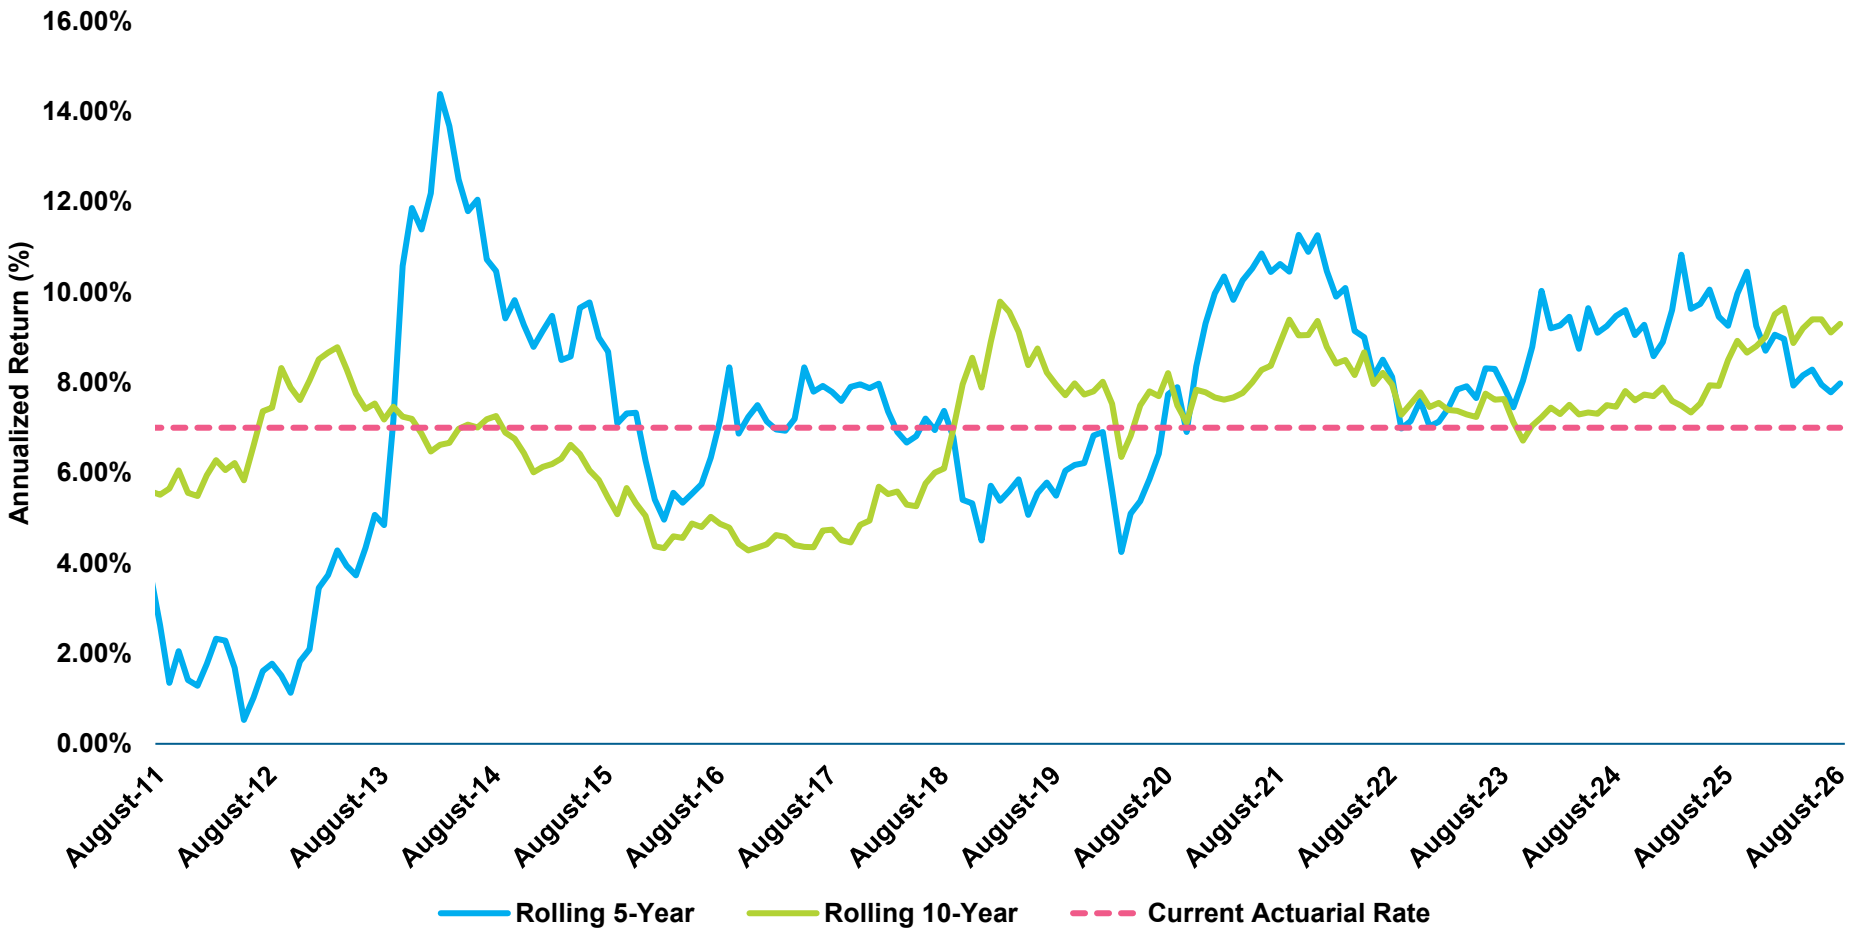

As of August 31, 2026, all major asset classes were within their respective policy ranges.

Recent Investment Performance

- → The Pension Plan returned 2.20% during the month of August with Systematic Trend leading the way with a gain of 5.42%.
- → The OPEB Portfolio returned 1.61% during the month of August with Private Equity leading the way with a gain of 4.34%.

*IRR refers to the fund's Internal Rate of Return, or the annualized compounded yield on an investment. This calculation is typically applied in private equity where there are multiple points at which capital is invested (capital called) and at which it is distributed. A positive IRR means that the fund's current value plus any cash distributions are greater than the cash value contributed and management fees paid. Typically a fund will have a negative IRR during the first few years of its life, a period referred to as the "J-Curve", because cash is invested upfront and it takes time to generate value. It is important to consider a fund's start date (vintage year) when assessing IRRs. Multiple of investment is another indicator of returns, and is calculated by dividing the fund's cumulative distributions and current value, after fees, by the amount of capital paid in. Please note that performance calculations are specific to the ERSRI investment, and were not prepared, reviewed or approved by the General Partners.

**Other funds in aggregate are the total commitments to and amounts drawn and distributed by funds whose confidentiality provisions do not permit the disclosure of their performance data. These funds include Braemar Energy Ventures III, Constellation Ventures III,Thomas, McNerney & Partners and Thomas McNerney & Partners II.

*IRR refers to the fund's Internal Rate of Return, or the annualized compounded yield on an investment. This calculation is typically applied in private equity where there are multiple points at which capital is invested (capital called) and at which it is distributed. A positive IRR means that the fund's current value plus any cash distributions are greater than the cash value contributed and management fees paid. Typically a fund will have a negative IRR during the first few years of its life, a period referred to as the "J-Curve", because cash is invested upfront and it takes time to generate value. It is important to consider a fund's start date (vintage year) when assessing IRRs. Multiple of investment is another indicator of returns, and is calculated by dividing the fund's cumulative distributions and current value, after fees, by the amount of capital paid in. Please note that performance calculations are specific to the ERSRI investment, and were not prepared, reviewed or approved by the General Partners.

**Other funds in aggregate are the total commitments to and amounts drawn and distributed by funds whose confidentiality provisions do not permit the disclosure of their performance data. These funds include Braemar Energy Ventures III, Constellation Ventures III,Thomas, McNerney & Partners and Thomas McNerney & Partners II.

*IRR refers to the fund's Internal Rate of Return, or the annualized compounded yield on an investment. This calculation is typically applied in private equity where there are multiple points at which capital is invested (capital called) and at which it is distributed. A positive IRR means that the fund's current value plus any cash distributions are greater than the cash value contributed and management fees paid. Typically a fund will have a negative IRR during the first few years of its life, a period referred to as the "J-Curve", because cash is invested upfront and it takes time to generate value. It is important to consider a fund's start date (vintage year) when assessing IRRs. Multiple of investment is another indicator of returns, and is calculated by dividing the fund's cumulative distributions and current value, after fees, by the amount of capital paid in. Please note that performance calculations are specific to the ERSRI investment, and were not prepared, reviewed or approved by the General Partners.

**Other funds in aggregate include Blue Owl Capital Diversified Holdings, for which the nominal $1 commitment serves as a placeholder and reflects a fee-related participation in Blue Owl Capital Corporation III rather than a standalone private credit fund.

*IRR refers to the fund's Internal Rate of Return, or the annualized compounded yield on an investment. This calculation is typically applied in private equity where there are multiple points at which capital is invested (capital called) and at which it is distributed. A positive IRR means that the fund's current value plus any cash distributions are greater than the cash value contributed and management fees paid. Typically a fund will have a negative IRR during the first few years of its life, a period referred to as the "J-Curve", because cash is invested upfront and it takes time to generate value. It is important to consider a fund's start date (vintage year) when assessing IRRs. Multiple of investment is another indicator of returns, and is calculated by dividing the fund's cumulative distributions and current value, after fees, by the amount of capital paid in. Please note that performance calculations are specific to the ERSRI investment, and were not prepared, reviewed or approved by the General

**Other funds in aggregate are the total commitments to and amounts drawn and distributed by funds whose confidentiality provisions do not permit the disclosure of their performance data. These funds include Braemar Energy Ventures III, Constellation Ventures III,Thomas, McNerney & Partners and Thomas McNerney & Partners II.

*IRR refers to the fund's Internal Rate of Return, or the annualized compounded yield on an investment. This calculation is typically applied in private equity where there are multiple points at which capital is invested (capital called) and at which it is distributed. A positive IRR means that the fund's current value plus any cash distributions are greater than the cash value contributed and management fees paid. Typically a fund will have a negative IRR during the first few years of its life, a period referred to as the "J-Curve", because cash is invested upfront and it takes time to generate value. It is important to consider a fund's start date (vintage year) when assessing IRRs. Multiple of investment is another indicator of returns, and is calculated by dividing the fund's cumulative distributions and current value, after fees, by the amount of capital paid in. Please note that performance calculations are specific to the ERSRI investment, and were not prepared, reviewed or approved by the General Partners.

**Other funds in aggregate are the total commitments to and amounts drawn and distributed by funds whose confidentiality provisions do not permit the disclosure of their performance data. These funds include Braemar Energy Ventures III, Constellation Ventures III,Thomas, McNerney & Partners and Thomas McNerney & Partners II.

Ratings Definitions

Moody's Short-Term Debt Ratings:	S&P Short -Term Credit Ratings:
P-1 - Prime-1 have a superior ability for repayment of sr. S-T debt	**A-1** - Highest rated, strong capacity to meet obligations
P-2 - Prime-1 have a strong ability for repayment of sr. S-T debt	**A-2** - Somewhatmore susceptibleto adverse effects of changes in fin. conditions; satisfactory
P-3 - Prime-1 have acceptable ability for repayment of sr. S-T debt	**A-3** - Exhibits adequate protection parameters
NP - Not Prime	**B** - Significant speculative characteristics, faces major ongoing uncertainties
	C - Vulnerable to non-payment
	D - Payment default
	Modifiers: + or - show relative standing within the category.
Moody's Issuer Rating Symbols:	**S&P Outlook Definitions:**
Aaa - Offer exceptional financial security (high-grade)	**Positive** - A rating may be raised
Aa - Offer excellent financial security (high-grade)	**Negative** - A rating may be lowered
A - Offer good financial security	**Stable** - A rating is not likely to change
Baa - Offer adequate financial security	**Developing** - May be raised or lowered
Ba - Offer questionable financial security	**NM** - Not meaningful
B - Offer poor financial security	
Caa - Offer very poor financial security	
Ca - Offer extremely poor financial security	
C - Lowest rated class, usually in default	
Moody's Long-Term Debt Ratings:	**S&P Long-Term Debt Ratings:**
Aaa - Best Quality	**AAA** - Highest rating, extremely strong
Aa - High Quality	**AA** - Differs slightly from highest rating, very strong
A - Posess many favorable investment attributes	**A** - More susceptible to adverse effects of change in economic condition, strong
Baa - Medium-grade obligations	**BBB** - Exhibits adequate protection parameters
Ba - Posess speculative elements	**BB, B,** - Have significant speculative characteristics. BB least speculative
B - Generally lack characteristics of desirable investments	**CCC, CC, C** - C highest degree
Caa - Poor standing	**D** - Payment default
Ca - Speculative in a high degree	Modifiers: + or - show relative standing within the category.
C - Lowest rated class of bonds	
Modifiers:	**VERIBANC Ratings:**
1 - Higher end of letter rating category	**GREEN** The institution's equity exceeds a modest percentage of its assets and had positive
2 - Mid-range of letter rating category	net income during the most recent reporting period.
3 - Lower end of letter rating category	**YELLOW** The institution's equity is at a minimal percentage of its assets or it incurred a net loss
	during the most recent reporting period.
	RED The institution's equity is less than a minimal percentage of its assets or it incurred a
	significant net loss during the most recent reporting period (or both).

Data Classification Internal

DEFINED CONTRIBUTION PLAN

TIAA

State of Rhode Island

401(a) Monthly Performance Summary
Defined Contribution Retirement Plan

Morningstar Ranking/Number of Funds in Category displays the Funds actual rank within its Morningstar Category based on average annual total return and number of funds in that Category. The returns assume reinvestment of dividends and do not reflect any applicable sales charge. Absent expense limitation, total return would be less. Past performance does not guarantee future results. Morningstar Percentile Rankings are the Fund's total return rank relative to all the funds in the same Morningstar category, where 1 is the highest percentile rank and 100 is the lowest percentile rank.

The performance data quoted represents past performance and is no guarantee of future results. Your returns and the principal value of your investments will fluctuate so that your shares or accumulation units, when redeemed, may be worth more or less than their original cost. Current performance may be lower or higher than the performance quoted below.
For performance current to the most recent month-end, visit the TIAA Website at www.tiaa.org, or call 877 518-9161.

Morningstar Ranking/Number of Funds in Category displays the Funds actual rank within its Morningstar Category based on average annual total return and number of funds in that Category. The returns assume reinvestment of dividends and do not reflect any applicable sales charge. Absent expense limitation, total return would be less. Past performance does not guarantee future results. Morningstar Percentile Rankings are the Fund's total return rank relative to all the funds in the same Morningstar category, where 1 is the highest percentile rank and 100 is the lowest percentile rank.

The performance data quoted represents past performance and is no guarantee of future results. Your returns and the principal value of your investments will fluctuate so that your shares or accumulation units, when redeemed, may be worth more or less than their original cost. Current performance may be lower or higher than the performance quoted below.
For performance current to the most recent month-end, visit the TIAA Website at www.tiaa.org, or call 877 518-9161.

7-Day Current/ 7-Day Effective Yield 3.64% / 3.64% (As of 9/10/2026)

You could lose money by investing in the Vanguard Cash Reserves Federal Money Market Admiral Fund. Although the Fund seeks to preserve the value of your investment at $1.00 per share, it cannot guarantee it will do so. The Fund may impose a fee upon sale of your shares or may temporarily suspend your ability to sell shares if the Fund's liquidity falls below required minimums because of market conditions or other factors. An investment in the Fund is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. The Fund's sponsor has no legal obligation to provide financial support to the Fund, and you should not expect that the sponsor will provide financial support to the Fund at any time.

Yield quotations more closely reflect current earnings of the money market fund than total return quotations. Yields are subject to change. Recent and any future declines in interest rate levels could cause these funds' earnings to fall below the funds' expense ratios, resulting in a negative yield.

Footnotes

Metric Name	Definition
Model Changes due to personalization	Count of participant personalization transactions completed regardless of channel (Web, Mobile, IFA, Call Center, etc.) that that included a model change.
Opt-Our Rate	# of Participants Unsubscribed / (# of Participants Subscribed + # of Participants Unsubscribed)
Participant Accounts	Distinct count of participants in each RetirePlus plan.
Participant Count	Distinct count of participant accounts associated with a specific RetirePlus model. Please note: Participant count in table may not match with total Participants Subscribe..
Participants Subscribed	Distinct count of participant accounts subscribed to RetirePlus service and have RetirePlus model assigned as of the select month-end.
Participants Unsubscribed	Distinct count of participant accounts that completely unsubscribed from the RetirePlus service as of the select month-end.
Personalization	Count of participant personalization transactions completed regardless of channel (Web, Mobile, IFA, Call Center, etc.).
RetirePlus Model Assets	Total amount of dollars managed by RetirePlus models held by subscribed participants during the select month-end.
Total Plan Assets	Total amount of Retirement Asset dollars administered under the plan. (Excludes Immediate Annuity assets)
Total Plan Participants	Distinct count of all participants on a RetirePlus plan with assets greater than zero dollars or participants that had previously subscribed and now only hold Immediate Annuity Contracts.
Total Plan YTD Contributions	Total amount of dollars contributed by all participants in a RetirePlus plan during the calendar year.
YTD Contributions	Total amount of dollars contributed to RetirePlus models during the calendar year by subscribed participants during the select month-end.

State of Rhode Island

457(b) Monthly Performance Summary
Deferred Compensation Plan

Morningstar Ranking/Number of Funds in Category displays the Funds actual rank within its Morningstar Category based on average annual total return and number of funds in that Category. The returns assume reinvestment of dividends and do not reflect any applicable sales charge. Absent expense limitation, total return would be less. Past performance does not guarantee future results. Morningstar Percentile Rankings are the Fund's total return rank relative to all the funds in the same Morningstar category, where 1 is the highest percentile rank and 100 is the lowest percentile rank.

The performance data quoted represents past performance and is no guarantee of future results. Your returns and the principal value of your investments will fluctuate so that your shares or accumulation units, when redeemed, may be worth more or less than their original cost. Current performance may be lower or higher than the performance quoted below.

For performance current to the most recent month-end, visit the TIAA Website at www.tiaa.org, or call 877 518-9161.

7-Day Current/ 7-Day Effective Yield 3.64% / 3.64% (As of 9/10/2026)

You could lose money by investing in the Vanguard Cash Reserves Federal Money Market Admiral Fund. Although the Fund seeks to preserve the value of your investment at $1.00 per share, it cannot guarantee it will do so. The Fund may impose a fee upon sale of your shares or may temporarily suspend your ability to sell shares if the Fund's liquidity falls below required minimums because of market conditions or other factors. An investment in the Fund is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. The Fund's sponsor has no legal obligation to provide financial support to the Fund, and you should not expect that the sponsor will provide financial support to the Fund at any time.

Yield quotations more closely reflect current earnings of the money market fund than total return quotations. Yields are subject to change. Recent and any future declines in interest rate levels could cause these funds' earnings to fall below the funds' expense ratios, resulting in a negative yield.

Expense Ratio is the total annual fund operating expense ratio from the fund's most recent prospectus. For non-Fidelity fund of funds listed, the ratio shown may solely reflect the total operating expense ratio of the fund, or may be a combined ratio reflecting both the total operating expense ratio of the fund and the total operating expense ratios of the underlying funds in which it was invested. Please consult the fund's prospectus for more detail on a particular fund's expense ratio.

Total returns are historical and include change in share value and reinvestment of dividends and capital gains, if any. Cumulative total returns are reported as of the period indicated. Life of Fund figures are reported as of the inception date to the period indicated.

The management company may be temporarily reimbursing a portion of the fund's expenses. Absent such reimbursement, returns and yields would have been lower. A fund's expense limitation may be terminated at any time.

For any Government or U.S. Treasury Money Market funds listed: *You could lose money by investing in a money market fund. Although the fund seeks to preserve the value of your investment at $1.00 per share, it cannot guarantee it will do so. An investment in the fund is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. The fund's sponsor has no legal obligation to provide financial support to money market funds and you should not expect that the sponsor will provide financial support to the fund at any time.* Fidelity's government and U.S. Treasury money market funds will not impose a fee upon the sale of your shares, nor temporarily suspend your ability to sell shares if the fund's weekly liquid assets fall below 30% of its total assets because of market conditions or other factors.

For any Retail (Non Government or U.S. Treasury) Money Market Funds listed: *You could lose money by investing in a money market fund. Although the fund seeks to preserve the value of your investment at $1.00 per share, it cannot guarantee it will do so. The Fund may impose a fee upon the sale of your shares or may temporarily suspend your ability to sell shares if the Fund's liquidity falls below required minimums because of market conditions or other factors. An investment in the fund is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. The fund's sponsor has no legal obligation to provide financial support to money market funds and you should not expect that the sponsor will provide financial support to the fund at any time.*

For any Institutional Money Market Funds listed: *You could lose money by investing in a money market fund. Because the share price of the fund will fluctuate, when you sell your shares they may be worth more or less than what you originally paid for them. The Fund may impose a fee upon the sale of your shares or may temporarily suspend your ability to sell shares if the Fund's liquidity falls below required minimums because of market conditions or other factors. An investment in the fund is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. The fund's sponsor has no legal obligation to provide financial support to money market funds and you should not expect that the sponsor will provide financial support to the fund at any time.*

A money market fund's current yield reflects the current earnings of the fund, while the total return refers to a specific past holding period.

Performance of an index is not illustrative of any particular investment and an investment cannot be made directly in an index.

Generally, among asset classes stocks are more volatile than bonds or short-term instruments and can decline significantly in response to adverse issuer, political, regulatory, market, or economic developments. Although the bond market is also volatile, lower-quality debt securities including leveraged loans generally offer higher yields compared to investment grade securities, but also involve greater risk of default or price changes. Foreign markets can be more volatile than U.S. markets due to increased risks of adverse issuer, political, market or economic developments, all of which are magnified in emerging markets.

Before investing, consider the funds' investment objectives, risks, charges, and expenses. Contact Fidelity for a prospectus or, if available, a summary prospectus containing this information. Read it carefully.

For Investment Professional or Plan Sponsor use only.

PERFORMANCE UPDATE

STATE OF RHODE ISLAND 457B PLAN

Average Annual Total Returns as of: 08/31/2026 (shown in percentages)

Variable annuities and mutual funds offered through a retirement plan are intended as long-term investments designed for retirement purposes. Money distributed from a 403(b) plan, 401(a)/(k) plan, or a 457 plan will be taxed as ordinary income in the year the money is distributed. Early withdrawals from a 403(b) plan and a 401(a)/(k) plan, if taken prior to age 59 1/2, will be subject to the IRS 10% premature distribution penalty tax, unless an exception applies. This IRS premature distribution penalty tax does not apply to 457 plans. Account values fluctuate with market conditions, and when surrendered the principal may be worth more or less than the original amount invested.

The performance data quoted represents past performance. Past performance does not guarantee future results. For month-end performance, which may be lower or higher than the performance data shown, please call 800-584-6001. Investment return and principal value of an investment will fluctuate so that, when sold, an investment may be worth more or less than the original cost.

The returns assume reinvestment of all dividends (ordinary income and capital gains) and are net of management fees and other fund operating expenses.

You should consider the investment objectives, risks and charges, and expenses of the funds carefully before investing. The prospectus contains this and other information. Anyone who wishes to obtain a free copy of the fund prospectuses may call their Voya representative or the number above. Please read the prospectus carefully before investing.

Returns less than one year are not annualized. Fund Inception Date is the date of inception for the underlying fund, and is the date used in calculating the periodic returns. This date may also precede the portfolio's inclusion in the product.

The risks of investing in small company stocks may include relatively low trading volumes, a greater degree of change in earnings and greater short-term volatility.

Foreign investing involves special risks such as currency fluctuation and public disclosure, as well as economic and political risks.

Some of the Funds invest in securities guaranteed by the U.S. Government as to the timely payment of principal and interest; however, shares of the Funds are not insured nor guaranteed.

High yielding fixed-income securities generally are subject to greater market fluctuations and risks of loss of income and principal than are investments in lower yielding fixed-income securities.

Sector funds may involve greater-than average risk and are often more volatile than funds holding a diversified portfolio of stocks in many industries. Examples include: banking, biotechnology, chemicals, energy, environmental services, natural resources, precious metals, technology, telecommunications, and utilities.

*The Gross Expense Ratios shown do not reflect temporary fee or expense waivers that may be in effect for a fund. The Net Expense Ratios reflect any applicable temporary fee or expense waivers. The performance of a fund with a temporary fee or expense waiver would have been lower if the gross fund fees/expenses listed had been reflected.

PERFORMANCE UPDATE

STATE OF RHODE ISLAND 457B PLAN

Average Annual Total Returns as of: 06/30/2026 (shown in percentages)

Variable annuities and mutual funds offered through a retirement plan are intended as long-term investments designed for retirement purposes. The risks of investing in small company stocks may include relatively low trading volumes, a greater degree of change in earnings and greater short-term volatility.

Foreign investing involves special risks such as currency fluctuation and public disclosure, as well as economic and political risks.

Some of the Funds invest in securities guaranteed by the U.S. Government as to the timely payment of principal and interest; however, shares of the Funds are not insured nor guaranteed.

High yielding fixed-income securities generally are subject to greater market fluctuations and risks of loss of income and principal than are investments in lower yielding fixed-income securities.

Sector funds may involve greater-than average risk and are often more volatile than funds holding a diversified portfolio of stocks in many industries. Examples include: banking, biotechnology, chemicals, energy, environmental services, natural resources, precious metals, technology, telecommunications, and utilities.

*The Gross Expense Ratios shown do not reflect temporary fee or expense waivers that may be in effect for a fund. The Net Expense Ratios reflect any applicable temporary fee or expense waivers. The performance of a fund with a temporary fee or expense waiver would have been lower if the gross fund fees/expenses listed had been reflected.

Additional Notes

(1)The current rate for the Voya Fixed Account - 457/401 II MC 902, Fund 4301 is 2.00%, expressed as an annual effective yield. The current rate may change and be higher or lower than the previously identified rate but is guaranteed not to be less than the calendar year floor rate of 1.25%, which will not change through 12/31/2026. In addition, the current rate is guaranteed not to be less than the Guaranteed Minimum Interest Rate of 1.00%. VRIAC will not apply a decrease to the current rate following a rate change initiated solely by us prior to the last day of the three-month period measured from the first day of the month in which such change was effective. Note: The current rate for an initial investment in the fixed account previously identified may be in effect for less than a full three-month period. Guarantees are based on the claims-paying ability of Voya Retirement Insurance and Annuity Company.

(2)Voya Intermediate Bond Fund - Class I has identical investment objectives and policies, the same portfolio manager, and invests in the same holdings as Class A. The performance information above is based upon the Class A performance, excluding sales charges, and has not been adjusted by the fee differences between classes.

(3)There is no guarantee that any investment option will achieve its stated objective. Principal value fluctuates and there is no guarantee of value at any time, including the target date. The "target date" is the approximate date when you plan to start withdrawing your money. When your target date is reached, you may have more or less than the original amount invested. For each target date Portfolio, until the day prior to its Target Date, the Portfolio will seek to provide total returns consistent with an asset allocation targeted for an investor who is retiring in approximately each Portfolio's designation Target Year. Prior to choosing a Target Date Portfolio, investors are strongly encouraged to review and understand the Portfolio's objectives and its composition of stocks and bonds, and how the asset allocation will change over time as the target date nears. No two investors are alike and one should not assume that just because they intend to retire in the year corresponding to the Target Date that that specific Portfolio is appropriate and suitable to their risk tolerance. It is recommended that an investor consider carefully the possibility of capital loss in each of the target date Portfolios, the likelihood and magnitude of which will be dependent upon the Portfolio's asset allocation. On the Target Date, the portfolio will seek to provide a combination of total return and stability of principal.

The Voya Solution / Target Date PortfoliosSM are actively managed and the asset allocation adjusted over time. The portfolios may merge with or change to other portfolios over time. Refer to the prospectus for more information about the specific risks of investing in the various asset classes included in the The Voya Solution / Target Date PortfoliosSM.

Stocks are more volatile than bonds, and portfolios with a higher concentration of stocks are more likely to experience greater fluctuations in value than portfolios with a higher concentration in bonds. Foreign stocks and small and midcap stocks may be more volatile than large cap stocks. Investing in bonds also entails credit risk and interest rate risk. Generally investors with longer timeframes can consider assuming more risk in their investment portfolio.

Additional Notes

(4)Voya Solution 2030 Portfolio - Initial Class: Total Annual Portfolio Operating Expenses may be higher than the Portfolio's ratio of expenses to average net assets shown in the Portfolio's Financial Highlights, which reflects the operating expenses of the Portfolio and does not include Acquired Fund Fees and Expenses. 401(a)/414(h) Monthly Performance Summary
FICA Alternative Retirement Income Security Program

Morningstar Ranking/Number of Funds in Category displays the Funds actual rank within its Morningstar Category based on average annual total return and number of funds in that Category. The returns assume reinvestment of dividends and do not reflect any applicable sales charge. Absent expense limitation, total return would be less. Past performance does not guarantee future results. Morningstar Percentile Rankings are the Fund's total return rank relative to all the funds in the same Morningstar category, where 1 is the highest percentile rank and 100 is the lowest percentile rank.

The performance data quoted represents past performance and is no guarantee of future results. Your returns and the principal value of your investments will fluctuate so that your shares or accumulation units, when redeemed, may be worth more or less than their original cost. Current performance may be lower or higher than the performance quoted below.
For performance current to the most recent month-end, visit the TIAA Website at www.tiaa.org, or call 877 518-9161.

Morningstar Ranking/Number of Funds in Category displays the Funds actual rank within its Morningstar Category based on average annual total return and number of funds in that Category. The returns assume reinvestment of dividends and do not reflect any applicable sales charge. Absent expense limitation, total return would be less. Past performance does not guarantee future results. Morningstar Percentile Rankings are the Fund's total return rank relative to all the funds in the same Morningstar category, where 1 is the highest percentile rank and 100 is the lowest percentile rank.

The performance data quoted represents past performance and is no guarantee of future results. Your returns and the principal value of your investments will fluctuate so that your shares or accumulation units, when redeemed, may be worth more or less than their original cost. Current performance may be lower or higher than the performance quoted below.
For performance current to the most recent month-end, visit the TIAA Website at www.tiaa.org, or call 877 518-9161.

Note: Mesirow Index data is calculated in Morningstar Direct Portfolio Management using Mesirow's allocations.

Note: The Mesirow custom benchmark consists of eight underlying indices aligning with the eight ReitrePlus Select asset classes. Large Cap: Russell 1000 TR USD; Small/Mid Cap: Russell 2500 TR USD; Real Estate: FTSE NAREIT Equity REITs TR USD; International: MSCI EAFE NR USD; Bonds: Bloomberg US Aggregate Bond TR USD; TIPS: Bloomberg Global Inflation Linked US TIPS TR USD; Guaranteed/Stable Value: Bloomber Stable Value Index; Cash: FTSE 3 Month US T-Bill USD.

Note: Category medians are shown for Morningstar's Open-End Funds universe.

% Rank => Percentile Ranking in Morningstar Category.

Morningstar peer rankings include fractional w eights for all share classes. Morningstar peer rankings also include ETFs. Depending on the category, this may cause some variances with the category median illustrated in this report since most ETFs are index based options that can include more volatile and less mainstream indices.

SI = Since Inception Annualized Total Return; Incep. Date = Since Inception Date (SI return is calculated from this date).

You cannot invest directly in an index.

Accumulations in mutual funds not managed by TIAA-CREF may be subject to administrative charges. These charges are subject to change. Please review current documents related to your plan.

The expense ratio paid by an investor is the net expense ratio as stated in the prospectus. The net expense ratio reflects total annual fund operating expenses excluding interest expense. If interest expense w as included, returns would have been lower. For definitions, please visit www .tiaa.org/public/assetmanagement.

Disclosures

Investing in non-investment grade securities presents special risks, including significantly higher interest-rate and credit risk.

Small-cap and mid-cap stocks may have limited marketability and may be subject to more abrupt or erratic market movements than large-cap stocks.

The risks associated with foreign investments are often magnified in emerging markets where there is greater potential for political, currency, and economic volatility.

Funds that invest in fixed-income securities are not guaranteed and are subject to interest-rate, inflation and credit risks.

Funds that invest in foreign securities are subject to special risks, including currency fluctuation and political and economic instability.

Real estate securities are subject to various risks, including fluctuations in property values, higher expenses or lower income than expected, and potential environmental problems and liability.

Any guarantees under annuities issued by TIAA are subject to TIAA's claims-paying ability. TIAA Stable Value is a guaranteed insurance contract and not an investment for Federal Securities Law purposes.

Target Date Funds share the risks associated with the types of securities held by each of the underlying funds in which they invest. In addition to the fees and expenses associated with the Target Date Funds, there is exposure to the fees and expenses associated with the underlying mutual funds as well.

The principal value of a target date fund isn't guaranteed at any time, including at the target date, and will fluctuate with market changes. The target date represents an approximate date when investors may plan to begin withdrawing from the fund. However, you are not required to withdraw the funds at the target date.

Investment, insurance and annuity products are not FDIC insured, are not bank guaranteed, are not deposits, are not insured by any federal government agency, are not a condition to any banking service or activity, and may lose value.

Disclosures

Prospectus Gross Expense Ratio
The percentage of fund assets used to pay for operating expenses and management fees, including 12b-1 fees, administrative fees, and all other asset-based costs incurred by the fund, except brokerage costs. Fund expenses are reflected in the fund's NAV. Sales charges are not included in the expense ratio.
--The expense ratio for fund of funds is the aggregate expense ratio as defined as the sum of the wrap or sponsor fees plus the estimated weighted average of
the underlying fund fees.
--Often referred to as the Annual Operating Expense, the Prospectus Gross Expense Ratio is collected annually from a fund's prospectus.

Prospectus Net Expense Ratio
The percentage of fund assets, net of reimbursements, used to pay for operating expenses and management fees, including 12b-1 fees, administrative fees, and all other asset-based costs incurred by the fund, except brokerage costs. Fund expenses are reflected in the fund's NAV. Sales charges are not included in the expense ratio.
--The expense ratio for fund of funds is the aggregate expense ratio as defined as the sum of the wrap or sponsor fees plus the estimated weighted average of the underlying fund fees.
--Net reimbursements, the Prospectus Net Expense Ratio is collected annually from a fund's prospectus.
--TIAA, unless noted, does not charge additional fees for record keeping a fund. 12b-1, revenue share and admin fees are all included in the Prospectus fees. --
Prospectus Net Expense Ratio % - ile rank is the percentile rank for the fund. The better the expense ratio (lower) the lower the ranking out of 100.

By communicating the information contained in this material, TIAA is not providing impartial investment advice or giving advice in a fiduciary capacity regarding any investment by, or other transaction of, the plan(s).TIAA is acting solely in a sales capacity with respect to an arms-length sale, purchase, loan, exchange or other transaction related to the investment of securities or other investment property.

IT IS IMPORTANT FOR THE RECIPIENT TO CRITICALLY EVALUATE THE INFORMATION PROVIDED.

CERTAIN INFORMATION CONTAINED IN THIS REPORT MAY CONSTITUTE “FORWARD-LOOKING STATEMENTS,” WHICH CAN BE IDENTIFIED BY THE USE OF TERMINOLOGY SUCH AS “MAY,” “WILL,” “SHOULD,” “EXPECT,” “AIM,” “ANTICIPATE,” “TARGET,” “PROJECT,” “ESTIMATE,” “INTEND,” “CONTINUE,” OR “BELIEVE,” OR THE NEGATIVES THEREOF OR OTHER VARIATIONS THEREON OR COMPARABLE TERMINOLOGY. ANY FORWARD-LOOKING STATEMENTS, FORECASTS, PROJECTIONS, VALUATIONS, OR RESULTS IN THIS REPORT ARE BASED UPON CURRENT ASSUMPTIONS. CHANGES TO ANY ASSUMPTIONS MAY HAVE A MATERIAL IMPACT ON FORWARD-LOOKING STATEMENTS, FORECASTS, PROJECTIONS, VALUATIONS, OR RESULTS. ACTUAL RESULTS MAY THEREFORE BE MATERIALLY DIFFERENT FROM ANY FORECASTS, PROJECTIONS, VALUATIONS, OR RESULTS IN THIS REPORT.

PERFORMANCE DATA CONTAINED HEREIN REPRESENT PAST PERFORMANCE. PAST PERFORMANCE IS NO GUARANTEE OF FUTURE RESULTS.

Credit Risk: Refers to the risk that the issuer of a fixed income security may default (i.e., the issuer will be unable to make timely principal and/or interest payments on the security).

Duration: Measure of the sensitivity of the price of a bond to a change in its yield to maturity. Duration summarizes, in a single number, the characteristics that cause bond prices to change in response to a change in interest rates. For example, the price of a bond with a duration of three years will rise by approximately 3% for each 1% decrease in its yield to maturity. Conversely, the price will decrease 3% for each 1% increase in the bond's yield. Price changes for two different bonds can be compared using duration. A bond with a duration of six years will exhibit twice the percentage price change of a bond with a three-year duration. The actual calculation of a bond's duration is somewhat complicated, but the idea behind the calculation is straightforward. The first step is to measure the time interval until receipt for each cash flow (coupon and principal payments) from a bond. The second step is to compute a weighted average of these time intervals. Each time interval is measured by the present value of that cash flow. This weighted average is the duration of the bond measured in years.

Information Ratio: This statistic is a measure of the consistency of a portfolio's performance relative to a benchmark. It is calculated by subtracting the benchmark return from the portfolio return (excess return), and dividing the resulting excess return by the standard deviation (volatility) of this excess return. A positive information ratio indicates outperformance versus the benchmark, and the higher the information ratio, the more consistent the outperformance.

Jensen's Alpha: A measure of the average return of a portfolio or investment in excess of what is predicted by its beta or "market" risk. Portfolio Return- [Risk Free Rate + Beta*(market return-Risk Free Rate)].

Market Capitalization: For a firm, market capitalization is the total market value of outstanding common stock. For a portfolio, market capitalization is the sum of the capitalization of each company weighted by the ratio of holdings in that company to total portfolio holdings; thus it is a weighted-average capitalization. Meketa Investment Group considers the largest 65% of the broad domestic equity market as large capitalization, the next 25% of the market as medium capitalization, and the smallest 10% of stocks as small capitalization.

Market Weighted: Stocks in many indices are weighted based on the total market capitalization of the issue. Thus, the individual returns of higher market-capitalization issues will more heavily influence an index's return than the returns of the smaller market-capitalization issues in the index.

Maturity: The date on which a loan, bond, mortgage, or other debt/security becomes due and is to be paid off.

Prepayment Risk: The risk that prepayments will increase (homeowners will prepay all or part of their mortgage) when mortgage interest rates decline; hence, investors' monies will be returned to them in a lower interest rate environment. Also, the risk that prepayments will slow down when mortgage interest rates rise; hence, investors will not have as much money as previously anticipated in a higher interest rate environment. A prepayment is any payment in excess of the scheduled mortgage payment.

Price-Book Value (P/B) Ratio: The current market price of a stock divided by its book value per share. Meketa Investment Group calculates P/B as the current price divided by Compustat's quarterly common equity. Common equity includes common stock, capital surplus, retained earnings, and treasury stock adjusted for both common and nonredeemable preferred stock. Similar to high P/E stocks, stocks with high P/B's tend to be riskier investments.

Price-Earnings (P/E) Ratio: A stock's market price divided by its current or estimated future earnings. Lower P/E ratios often characterize stocks in low growth or mature industries, stocks in groups that have fallen out of favor, or stocks of established blue chip companies with long records of stable earnings and regular dividends. Sometimes a company that has good fundamentals may be viewed unfavorably by the market if it is an industry that is temporarily out of favor. Or a business may have experienced financial problems causing investors to be skeptical about is future. Either of these situations would result in lower relative P/E ratios. Some stocks exhibit above-average sales and earnings growth or expectations for above average growth. Consequently, investors are willing to pay more for these companies' earnings, which results in elevated P/E ratios. In other words, investors will pay more for shares of companies whose profits, in their opinion, are expected to increase faster than average. Because future events are in no way assured, high P/E stocks tend to be riskier and more volatile investments. Meketa Investment Group calculates P/E as the current price divided by the I/B/E/S consensus of twelve-month forecast earnings per share.

Quality Rating: The rank assigned a security by such rating services as Fitch, Moody's, and Standard & Poor's. The rating may be determined by such factors as (1) the likelihood of fulfillment of dividend, income, and principal payment of obligations; (2) the nature and provisions of the issue; and (3) the security's relative position in the event of liquidation of the company. Bonds assigned the top four grades (AAA, AA, A, BBB) are considered investment grade because they are eligible bank investments as determined by the controller of the currency.

Sharpe Ratio: A commonly used measure of risk-adjusted return. It is calculated by subtracting the risk free return (usually three-month Treasury bill) from the portfolio return and dividing the resulting excess return by the portfolio's total risk level (standard deviation). The result is a measure of return per unit of total risk taken. The higher the Sharpe ratio, the better the fund's historical risk adjusted performance.

STIF Account: Short-term investment fund at a custodian bank that invests in cash-equivalent instruments. It is generally used to safely invest the excess cash held by portfolio managers.

Standard Deviation: A measure of the total risk of an asset or a portfolio. Standard deviation measures the dispersion of a set of numbers around a central point (e.g., the average return). If the standard deviation is small, the distribution is concentrated within a narrow range of values. For a normal distribution, about two thirds of the observations will fall within one standard deviation of the mean, and 95% of the observations will fall within two standard deviations of the mean.

Style: The description of the type of approach and strategy utilized by an investment manager to manage funds. For example, the style for equities is determined by portfolio characteristics such as price-to-book value, price-to-earnings ratio, and dividend yield. Equity styles include growth, value, and core.

Tracking Error: A divergence between the price behavior of a position or a portfolio and the price behavior of a benchmark, as defined by the difference in standard deviation.

Yield to Maturity: The yield, or return, provided by a bond to its maturity date; determined by a mathematical process, usually requiring the use of a "basis book." For example, a 5% bond pays $5 a year interest on each $100 par value. To figure its current yield, divide $5 by $95—the market price of the bond—and you get 5.26%. Assume that the same bond is due to mature in five years. On the maturity date, the issuer is pledged to pay $100 for the bond that can be bought now for $95. In other words, the bond is selling at a discount of 5% below par value. To figure yield to maturity, a simple and approximate method is to divide 5% by the five years to maturity, which equals 1% pro rata yearly. Add that 1% to the 5.26% current yield, and the yield to maturity is roughly 6.26%.

$$\frac{\text{5\% (discount)}}{\text{5 (yrs. to maturity)}} = \text{1\% pro rata, plus 5.26\% (current yield)} = \text{6.26\% (yield to maturity)}$$

Yield to Worst: The lowest potential yield that can be received on a bond without the issuer actually defaulting. The yield to worst is calculated by making worst-case scenario assumptions on the issue by calculating the returns that would be received if provisions, including prepayment, call, or sinking fund, are used by the issuer.

NCREIF Property Index (NPI): Measures unleveraged investment performance of a very large pool of individual commercial real estate properties acquired in the private market by tax-exempt institutional investors for investment purposes only. The NPI index is capitalization-weighted for a quarterly time series composite total rate of return.

NCREIF Fund Index - Open End Diversified Core Equity (NFI-ODCE): Measures the investment performance of 28 open-end commingled funds pursuing a core investment strategy that reflects funds' leverage and cash positions. The NFI-ODCE index is equal-weighted and is reported gross and net of fees for a quarterly time series composite total rate of return.
