Absent were: Senator Daniel DaPonte, Ms. Marcia Reback and Mr. James E. Thorsen.

State Investment Commission Minutes. Dr. McKenna moved, Mr. Costello seconded and the following motion was passed unanimously. The following members voted in favor: Mr. Costello, Ms. Gallogly, Dr. McKenna, Mr. Treat and Treasurer Tavares.

VOTED: To approve the Minutes of the April 28, 2004 Regular Meeting.

Investment Manager Review – Wasatch Advisors Inc. (“Wasatch”). Mr. Bensur gave a brief overview noting that Wasatch was retained in 2002 to provide a long-term, strategic allocation to the small stock/growth oriented segment of the US equity market. Market value at 3/31/04 was \$154.2 million representing approximately 5.3% of the US equity composite and approximately 2.5% of the total fund.

Mr. Shane Calhoun, Client Relations Manager represented Wasatch. Mr. J.B. Taylor, Jr., Portfolio Manager was conferred in by telephone. Mr. Calhoun noted that Wasatch has \$9.1 billion in assets under management as of 3/31/04, with \$2.8 billion in small cap core growth equity style. Mr. Taylor stated that Wasatch invests primarily in core stocks of America’s Best Growth Companies (“ABGC”). The stocks are of the highest quality with the most predictable earnings growth, and the ability to grow despite economic concerns or short-term market fluctuations.

For the first quarter of 2004 the portfolio is up 9.26% versus the Russell 2000 benchmark at 6.26%. Wasatch has outperformed the benchmark consistently over the last twelve years. The majority of the portfolio is comprised of: 32.3% in financial services, 27.0% in consumer discretionary, 19.8% in health care. Mr. Taylor then reviewed the top ten holdings. He stated that going forward more companies are priced closer to fair value based on expected earnings. Technology could continue to lead, but Wasatch is sticking to more stable and predictable earnings growth companies.

Investment Manager Review - NorthPointe Capital (“NorthPointe”) Mr. Bensur gave a brief overview noting that NorthPointe was retained in 2002 to provide a long-term, strategic allocation to the small stock/value-oriented segment of the US equity market. Market value at 3/31/04 was \$303.4 million, which represents approximately 10.5% of the US equity composite and approximately 4.9% of the total fund.

Ms. Mary Champagne, Portfolio Manager represented NorthPointe. She noted that value stocks have outperformed growth stocks. She stated that 2003 was very speculative, which produced a challenging market environment for small cap value managers. The index was dominated by the smallest of the small stocks and low quality issues. Stocks whose beginning year share prices were below \$5 gained over 95.7% in the year, stocks with negative expected earnings rose 74% last year, and stocks with the lowest return on equity were up 78.6% last year.

Ms. Champagne noted that the portfolio is comprised of: 25.2% financials, 19.4% consumer discretionary, 9.2% technology, and 9.4% materials and processing. NorthPointe returned 64.1% for the last year (period ending 3/31/04), and 5.9% for the first quarter of 2004.

Alliance Capital (“Alliance”)/CollegeBoundfund (“CBf”) Update. Treasurer Tavares stated that in light of the recent issues, staff has been negotiating with Alliance to amend the SIC’s contract with Alliance. The proposed Amendment No. Six effects two significant changes. The contract called for fixed annualized expense minimums that ranged from 90 – 110 basis points. With the reduction of fees that was instituted by Alliance at the request of the Securities and Exchange Commission (“SEC”) and the Attorney General of NY, the minimum fees payable under the contract exceeded what was being charged. The Amendment changes the language in the contract to replace minimums with direct pass throughs, which reflect the lower rates.

The second change is with regard to termination language in the contract in the event of contract breaches. The existing language stated that the contract automatically renewed for an additional five year term. The Amendment would allow the SIC and RIHEAA to decline to extend the Agreement in the event that Alliance has breached the Agreement during its initial term. The Amendment also eliminates the cure period (90 days) for any breaches identified by SIC or RIHEAA from the beginning of the contract to the date of the amendment, which covers the issues that came to light last fall.

With the change, if the SIC or RIHEAA finds that Alliance has not addressed the issues related to market timing, they may, at renewal, declare that a breach did occur during the term of the contact. The Treasurer noted that Alliance has been extremely cooperative with regard to these changes.

The Treasurer distributed materials from Alliance relating to the CBf. There are two reports detailing the status of the corrective actions called for in their settlements with the NY Attorney General and the SEC. There are also additional actions listed which Alliance has undertaken on its own to ensure the development of a corporate culture, and practices, which will guard against the future occurrence of wrongdoings. There are also remarks drawn from a speech that Alliance CEO, Lew Sanders, gave at the Council of Institutional Investors.

Treasurer Tavares stated that Alliance is moving swiftly with the actions it was directed to take and is moving ahead with the process for compensating CBf shareholders. It’s choice for compensation consultant is awaiting SEC approval, and compensation might take place this fall. The Treasurer noted that from November 2003 through May 2004, approximately 340 RI accounts were transferred to other 529 plans. Out of a total of 11,990 accounts, that represents only 2.8%. Over this period, new accounts outnumbered closed accounts and deposits exceeded withdrawals.

Dr. McKenna moved, Ms. Gallogly seconded and the following motion was passed unanimously. The following members voted in favor: Mr. Costello, Ms. Gallogly, Dr. McKenna, Mr. Treat and Treasurer Tavares.

VOTED: To approve the Sixth Amendment to the Management Agreement by and among the SIC, the Rhode Island Higher Education Assistance Authority and Alliance Capital Management L.P., which Amendment gives the SIC additional flexibility in the event that Alliance breaches the Agreement and makes favorable changes with regard to the fee structure of Alliance's management of the CollegeBoundfund, and to ratify and approve the amendments to the Management Agreement previously entered into by such parties.

JPMorgan Division of CollegeBoundfund. Ms. Caine reminded Commission members that in spring of 2000, JPMorgan approached Alliance because they wanted to jointly manage a 529 Plan. JPMorgan wanted to leverage the success of Alliance's CBF to distribute to their high net worth private clients group. The plan hasn't been the success that either Alliance or JPMorgan thought it would be for the following reasons: lack of interest from JPMorgan Private Bank, which was the primary driver of the plan's creation, turnover of JPMorgan Private Bank senior management, which resulted in limited internal support for the product and the merger with Banc One, which manages the Indiana 529 Plan creating uncertainty for future viability of JPMorgan plan. Ms. Caine also noted that after two years the plan fell significantly short of JPMorgan's initial projections with only \$25 million (2,400 accounts) in assets under management versus projections of approximately \$500 million.

She noted that Alliance and JPMorgan have mutually decided to terminate and dissolve this program. Of the 2,400 accounts, 40% are New York residents, 24% are Texas residents, 12% are Connecticut residents and 10% are New Jersey residents. The strategy would be to dissolve the program and transfer those assets from the JPMorgan/Alliance Plan to the traditional CBF options. Ms. Caine expects that not all participants will stay with the CBF, as some participants may choose to transfer to other state plans.

The assets will automatically transfer to the CBF to appropriate asset allocation strategies similar to the risk/return profile that these participants initially chose. The transfer will not count as the once-per-year investment change, a restriction imposed by the IRS. The target date for asset transfer is August 23, 2004. Participants will receive a mailing from JPMorgan 60 days prior to the target date informing them of the plan dissolution and transition to the CBF. A second mailing will go out 30 days prior to the target date restating the points in the first mailing. A third mailing will be a consolidated confirmation of account transition to the CBF. Ms. Caine noted that the liquidation costs will be borne by the funds themselves.

Dr. McKenna moved, Ms. Gallogly seconded and the following motion was passed unanimously. The following members voted in favor: Mr. Costello, Ms. Gallogly, Dr. McKenna, Mr. Treat and Treasurer Tavares.

VOTED: To approve the dissolution of JP Morgan's Higher Education Plan, a division of Rhode Island's 529 Plan. Further, to approve the mapping or transfer of existing JP Morgan accounts to the asset allocation portfolios recommended by Alliance in their presentation on the JP Morgan Higher Education Plan dated May 26, 2004.

Treasurer Tavares noted that the plan for compensation to participants must be approved by the SEC and is in process. He also noted that he has asked Alliance to develop a low-cost, passive index investment option for Rhode Islanders. A general agreement has been reached and soon the Commission will be presented with a broad market Index Fund option to vote upon.

The Treasurer noted that it will not be necessary to have Alliance/CBf on the agenda as a monthly item going forward.

Wilshire Associates Incorporated – Capital Market Review. Mr. Bensur noted that there are meaningful signs of economic expansion. The strong quarterly earnings reports in the US Equity Market are expected to continue. There is a rotation from small speculative stocks to larger defensive stocks. In 2003 small stocks outperformed larger stocks and lower quality stocks outperformed higher quality stocks. As of May 25, 2004, the S&P is up .7%, Nasdaq is down 1.9%, the Russell 2000 is up 1.5% and the Wilshire 5000 is up .9%. International stocks are down .2%, emerging markets are down 4.5%, and the Lehman Aggregate is down 1.0%.

Deputy Treasurer for Finance Report. Ms. Caine noted that the fund was down 2.4% for the last month versus the benchmark's -2.5% decline. Fiscal year-to-date the fund is up 16.6% versus the benchmark 15.3%.

Ms. Caine reminded Commission members that Delaware International Advisers Ltd. and Goldman Sachs were hired recently to manage the international portfolio. Treasury received an announcement from Delaware Investments, the parent company of Delaware International, which is owned by Lincoln National Insurance Co. that it has agreed to a management buyout of Delaware International. The management team we hired will still be in place. She noted that Jayne Donegan, Esq. will be involved as we need to consent to the assignment of our contract.

Dr. McKenna moved, Ms. Gallogly seconded and the following motion was passed unanimously. The following members voted in favor: Mr. Costello, Ms. Gallogly, Dr. McKenna, Mr. Treat and Treasurer Tavares.

VOTED: To adjourn the meeting.

There being no further business, the meeting was adjourned at 11:05 a.m.
