STATE INVESTMENT COMMISSION**

**Minutes of the Regular Meeting September 26, 2001**

A State Investment Commission meeting was held in Room 135, State House, Providence, Rhode Island on Wednesday, September 26, 2001. There being a quorum present, the Treasurer called the meeting to order at 9:10 a.m.

Membership Roll Call. Present were: Mr. J. Michael Costello, Senator Daniel DaPonte, Ms. Rosemary Booth Gallogly, Designee of the Director of Administration, Mr. James E. Thorsen and General Treasurer Paul J. Tavares. Also present were: Ms. Joan M. Caine, Deputy Treasurer for Finance, Andrew M. Hodgkin, Esq., Legal Counsel to the Commission, Ms. Tara Blackburn, of Pacific Corporation Group, Alternative Investments Consultant to the Commission, and other members of the Treasurer's Staff. Absent were: Dr. Robert J. McKenna, Ms. Marcia Reback, and Mr. William J. Whitty. Mr. William G. Bensur, Jr., of Wilshire Associates Incorporated, Consultant to the Commission was conferred in by telephone.

State Investment Commission Minutes. Sen. DaPonte moved, Ms. Gallogly seconded and the following motion was passed unanimously. The following members voted in favor: Mr. Costello, Sen. DaPonte, Ms. Gallogly, Mr. Thorsen and Treasurer Tavares.

**VOTED: To approve the Minutes of the August 22, 2001 Regular Meeting.**

Provident Investment Counsel. Mr. Bensur noted that Provident was retained in 1988 to provide a strategic allocation to the large stock, growth-oriented segment of the US equity market. As of 6/30/01 the Provident portfolio represented approximately 10.1% of the US equity composite and approximately 4.5% of the total fund. Market value at 6/30/01 was \$272.6 million.

Mr. John McMurtrie, Senior Vice President and Mr. Jeffrey J. Miller, Chairman & Managing Director represented the firm. Mr. McMurtrie discussed second quarter performance highlights noting that growth stocks outperformed value stocks during the quarter. The portfolio's largest five sectors represented 75% of the portfolio and were up 12.5%. The five best performing sectors represented 59% of the portfolio and were up 17.4%. Stock selection was strong adding 2.6% versus the Russell 1000G.

Mr. Miller reviewed strategic assumptions and portfolio strategy in the aftermath of the WTC/Pentagon disasters. He noted specific portfolio changes since 9/11/01 such as reducing a GE position and selling Tiffany due to reduced expectations for consumer spending on discretionary items. He stated that near-term performance was unacceptable on any long-term basis. Provident's style has suffered during this severe bear market, but he expects it also will recover more rapidly when the investment environment improves. He stated that Provident believes continued monetary ease and strong fiscal stimulus will start to take hold in mid-2002 and that the stock market and growth stocks in particular should be significantly higher 12 months from now. He recommends staying the course.

Mr. Bensur stated that Wilshire believes Provident is a high quality, institutionally oriented manager with sound investment philosophy, approach and resources. However, he noted that the portfolio profile and investment results have been highly correlated to the large growth stock cycle and that Provident has failed to meet the performance objectives of the portfolio. During the last 18 months, as large growth stocks have cycled out of favor, Provident's results have been poor to an extreme degree on both a relative and absolute basis. A discussion followed regarding Provident's poor performance and whether to keep them as a manager. It was agreed that terminating Provident at this time would not be in the best interests of the pension fund as they are at a cyclical low. The probability of experiencing a cyclical recovery from this point is high. Wilshire advice is to allow Provident's results to recover on a cyclical basis and then make a decision about the ongoing relationship.

Mr. Thorsen moved, Mr. Costello seconded and the following motion was passed unanimously. The following members voted in favor: Mr. Costello, Sen. DaPonte, Ms. Gallogly, Mr. Thorsen and Treasurer Tavares.

**VOTED: To start the Request for Proposals process for a large stock, growth oriented US equity manager and to monitor Provident Investment Counsel closely on a monthly basis.**

Zurich Scudder Investments, Inc. Ms. Caine reminded Commission members that Treasury Staff and Wilshire has been monitoring the proposed sale of Zurich Scudder to Deutsche Asset Management. Mr. Bensur noted the following concerns about the Deutsche/Scudder business combination: 1) organizational uncertainty; 2) personnel stability – loss of intellectual capital; 3) philosophical differences; 4) overlapping non-US equity businesses; and 5) Deutsche's track record in asset management acquisitions.

Upon Wilshire's recommendation, Mr. Costello moved, Sen. DaPonte seconded and the following motion was passed unanimously. The following members voted in favor: Mr. Costello, Sen. DaPonte, Ms. Gallogly, Mr. Thorsen and Treasurer Tavares.

**VOTED: To terminate the investment management relationship with Zurich Scudder Investments, Inc. immediately and to deploy the assets equally between the recently retained non-US investment managers – Bank of Ireland Asset Management and Putnam Investments.**

The Treasurer called a short break from 10:15 a.m. to 10:20 a.m.

CSFB Global Opportunities Partners, L.P. ("CSFB"). Ms. Blackburn recommended that the Commission give consideration to CSFB which is being raised to invest globally in severely discounted securities and obligations of financially distressed companies with the objective of obtaining corporate control. The fund will engage in the same investment strategy employed by the investment professionals from 1994 to 2000, when they invested in distressed investments using CSFB's internal capital. The fund represents their first effort raising and investing outside capital.

Mr. Mark R. Patterson, Vice Chairman and David J. Matlin, CEO, represented the partnership. Mr. Patterson explained that the fund will screen financial markets for situations in which securities are offered at less than half their issue price and where there are no real bids. Another initial screening factor includes a potential four-to-one reward to risk ratio, a potential

internal rate of return in excess of 40%. Initial investments will be between \$2 million and \$10 million.

The fund will focus on issuers that have: (1) a capital structure and/or legal posture which suggests that any reorganization will be unusually contentious and protracted; (2) obligations whose junior position in the capital structure suggests the possibility of total loss; (3) dramatic events that place the entire enterprise value at risk; and (4) complex problems with numerous critical variables and incomplete and/or unreliable information.

Mr. Matlin noted the proposed fund expects 70-75% of capital to be invested in the US and Canada, 15% in Asia, 5-10% in Europe and the remaining 5% in Latin America. Fund size is expected to be between \$1.5 billion and \$2 billion. PCG recommends investment in this fund because of the experienced management team, their opportunistic, global focus, and their value-added control strategy.

Mr. Thorsen moved, Mr. Costello seconded and the following motion was passed unanimously. The following members voted in favor: Mr. Costello, Sen. DaPonte, Ms. Gallogly, Mr. Thorsen and Treasurer Tavares.

**VOTED: To invest \$15 million in CSFB Global Opportunities Partners, L.P., as recommended by Pacific Corporation Group, contingent upon satisfactory review and negotiation of investment and other legal documents.**

Blackstone Capital Partners IV, L.P. Ms. Caine requested that the Commission give consideration to an extension of the existing relationship with Blackstone with approval of a \$25 million investment in its new fund, Blackstone Capital Partners IV, L.P. She stated that the pension fund invested \$20 million in Blackstone Capital Partners III Merchant Banking Fund, L.P. in May of 1997.

Mr. Kenneth C. Whitney, Senior Managing Director and Mr. Howard A. Lipson, Senior Managing Director represented the partnership. Mr. Whitney explained that The Blackstone Group is a private merchant banking firm whose businesses include corporate private equity investing, private mezzanine investing, mergers and acquisitions advisory to major corporate clients, restructuring and reorganization advisory services, and liquid alternative asset management. Target fund size is approximately \$5 billion.

Mr. Lipson explained that since 1988 Blackstone has invested \$4.8 billion in 58 investments. Twenty-three investments have been exited. They have generated a gross annual IRR of 44.2%. Blackstone maintains an investment process that is defined by the following four core elements: 1) corporate partnership investment strategy with strictly friendly capital; 2) disciplined, value-oriented investment approach; 3) focus on out-of-favor/under-appreciated industries; and 4) focus on communications sector. No more than 33% will be invested in portfolio companies outside of the US and Canada.

PCG recommends investment in this fund because of its strong track record, investment experience of the General Partner Group, its access to deal flow by leveraging Blackstone relationships, utilization of other Blackstone resources, conservative geographic diversification, and the significant capital commitment by the General Partner.

Mr. Thorsen moved, Mr. Costello seconded and the following motion was passed unanimously. The following members voted in favor: Mr. Costello, Sen. DaPonte, Mr. Thorsen and Treasurer Tavares. Ms. Gallogly recused herself from the vote.

**VOTED:** To invest \$25 million in Blackstone Capital Partners IV, L.P., as recommended by Pacific Corporation Group, contingent upon satisfactory review and negotiation of investment and other legal documents.

Deferred Compensation – 457 Plan – VALIC Options. Ms. Caine explained that she and George Carvalho, Legal Counsel have been working with VALIC, one of the deferred compensation providers, because the number of investment options that they were offering exceeded the number they were permitted to offer by contract. They have been working over the last several months to put together a diversified portfolio package that represents all asset classes and investment styles. VALIC proposes reducing some of the duplication and map most of these funds into one or two funds within the asset class. The old funds will be closed to new contributions.

Ms. Caine also noted that a merger is in process between American General and American International Group (AIG). Some of the funds will become SunAmerica funds. She expects to come before the Commission in the near future to revise several more funds. Mr. Carvalho advised the Commission that this move would bring them into compliance and bring their fund offerings to twenty.

Mr. Thorsen moved, Ms. Gallogly seconded and the following motion was passed unanimously. The following members voted in favor: Mr. Costello, Sen. DaPonte, Ms. Gallogly, Mr. Thorsen and Treasurer Tavares.

**VOTED:** To approve the investment options proposed by American General/VALIC for inclusion in the State's 457 Deferred Compensation Plan.

General Treasurer's Report. Treasurer Tavares indicated that since the attacks on the World Trade Center/Pentagon, that he has asked Ms. Caine to review liquidity, technical and back-up issues and how the Treasurer's Office and pension fund could be affected. Ms. Caine briefly reported on how the fund has fared since the attack on 9/11/01. All investment managers have remained fully operational and our custodian, State Street Bank and Trust Company, did a great job in settling all the trades made the morning of September 11<sup>th</sup>. There were no trades for several days thereafter in the equity market. During the week of the 21<sup>st</sup>, NASDAQ was down 17%; the S&P was down 15% and the DOW was down 12%. Ms. Caine noted that she has had discussions with Wilshire regarding an asset/liability study and asset allocation realignment.

Ms. Caine distributed the following reports for Mr. Bensur: Capital Market Update and Economic/Market Review – Post Attack.

Mr. Costello moved, Mr. Thorsen seconded and the following motion was passed unanimously. The following members voted in favor: Mr. Costello, Sen. DaPonte, Ms. Gallogly, Mr. Thorsen and Treasurer Tavares.

**VOTED: To adjourn the meeting.**

There being no further business, the meeting was adjourned at 11:25 a.m.

Respectfully submitted,

## **Manager Funding**

A summary of cash transfers by asset class which took place during September is presented at right. Such transfers are required to provide sufficient cash for alternative investment funding as well as to meet current retirement payroll obligations (\$26.5mm).

### Cash Flow

September's pension payroll of \$36.7 million exceeded the \$10.2 million in contributions received by \$26.5 million. The transfer of \$26.5 million from long term investments to short term was sufficient to cover that shortfall, as well as other investment management expenses.

### Alternative Investments

At this time the alternative investment asset class has unfunded commitments of approximately \$280 million, on commitments of \$548 million.
