Minutes of the Regular Meeting January 23, 2002

A State Investment Commission meeting was held in Room 135, State House, Providence, Rhode Island on Wednesday, January 23, 2002. There being a quorum present, the Treasurer called the meeting to order at 9:07 a.m.

Membership Roll Call. Present were: Mr. J. Michael Costello, Ms. Rosemary Booth Gallogly, Designee of the Director of Administration, Dr. Robert J. McKenna, Mr. James E. Thorsen, Mr. William J. Whitty and General Treasurer Paul J. Tavares. Senator Daniel DaPonte joined the meeting at 9:15 a.m. Also present were: Ms. Joan M. Caine, Deputy Treasurer for Finance, Andrew M. Hodgkin, Esq., Legal Counsel to the Commission, and Mr. William G. Bensur, Jr. and Mr. David Lindberg, of Wilshire Associates Incorporated, Consultant to the Commission and other members of the Treasurer's Staff. Ms. Marcia Reback was absent.

State Investment Commission Minutes. Dr. McKenna moved, Mr. Whitty seconded and the following motion was passed unanimously. The following members voted in favor: Mr. Costello, Ms. Gallogly, Dr. McKenna, Mr. Thorsen, Mr. Whitty and Treasurer Tavares. Note: Senator DaPonte was not present for this vote.

VOTED: To approve the Minutes of the November 28, 2001 Regular Meeting.

Small Cap US Equity Manager Search Summary and Finalist Review. Ms. Caine noted that 77 investment managers responded to the Request for Proposals. After interviewing ten semi-finalists, the search committee has brought five finalists to the meeting for presentations to the Commission. Mr. Bensur explained that the first two presenters are small cap core/value managers and the last three presenters are small cap growth managers. Ms. Caine also noted that the small cap US equity manager assignment is for approximately \$375 million split between either two or three managers.

NorthPointe Capital. Mr. Michael Hayden, Managing Director, Mr. Jeffrey Petherick, Portfolio Manager and Ms. Mary Champagne, Portfolio Manager represented the firm. Mr. Hayden explained that NorthPointe was created through a strategic venture with Villanova Capital, the independent asset management arm of Nationwide Financial. NorthPointe's employees own 35% of the firm and Villanova Capital owns the remainder. NorthPointe has set a maximum target for its small cap value strategy (reserved for large institutional investors) at \$800 million. The team has worked together for nine years and was formerly associated with Loomis, Sayles & Co. NorthPointe has \$1.3 billion in total assets with 29 clients.

Mr. Petherick explained that NorthPointe's investment philosophy is that strong fundamental research is the key to good stock selection. Their strategy relies on a fundamental, bottom-up investment process which highlights attractively valued, small companies with a market capitalization of \$100 million to \$3 billion.

Ms. Champagne explained that the buy decision is made within the framework of a well-diversified portfolio of 100-125 stocks with a maximum allocation of 2% to a single issue. The sell decision is triggered by a fundamental deterioration in the company or industry, the attainment of a predetermined valuation target, or the identification of better alternatives.

Wellington Management Company, LLP. Mr. Kenneth L. Abrams, Senior Vice President, Portfolio Manager, Mr. Adam T. Puritz, Vice President and Ms. Nancy G. Welling, Vice President represented the firm. Ms. Welling explained that Wellington was started in 1928 and is now owned by 68 active employees. Wellington plans to close its small cap value strategy at \$3 billion and currently has over \$311 billion of total assets under management.

Mr. Abrams explained that the portfolio emphasizes fundamental research and bottom-up stock selection. The style is both total-return and benchmark oriented. Risk measures include portfolio diversification by security, industry and sector. The buy discipline focuses on companies with significant management ownership, a business focus and appreciation potential. Companies are sold when target prices are reached and detailed evaluation suggests that future upside potential is limited, company fundamentals are no longer up to standard, or alternative buy candidates are identified.

Mr. Puritz noted that a typical portfolio contains 70-100 stocks in all ten sectors. Security weighting is limited to 5% of the portfolio, while industry and sector limitations are 25%. He stated that Wellington has strong returns over all time periods and consistent returns in up and down markets. Due to the size of Wellington, Mr. Puritz stressed the strength and depth of its research capabilities and outstanding long-term performance record versus the index and peers.

Wasatch Advisors, Inc. Mr. Eric Bergeson, Vice President and Mr. J.B. Taylor, Portfolio Manager represented the firm. Mr. Bergeson explained that Wasatch, which was founded in 1975 by Samuel Stewart, is unique for two reasons. The first is that Wasatch manages only small cap and the second that the investment management team has an average tenure of 15 years working together. Wasatch is 100% owned by its employees. The five principals own 90% of the firm's equity with no one shareholder owning more than 30%. Wasatch has a total of \$5.6 billion in assets under management.

Mr. Bergeson stressed that they have a repeatable investment philosophy. Wasatch's investment philosophy is based on the belief that over long-term horizons, only earnings growth will drive stock prices. Also that small companies grow faster, longer. Wasatch employs a true bottom-up stock selection process of getting on board early and staying the course. They buy only at reasonable prices. Through this growth discipline with a value flavor, Wasatch seeks to provide superior returns with less volatility.

Mr. Taylor noted that Wasatch invests in companies with the ability to at least double in size within five years. The companies must have superior management, a sustainable competitive advantage and a high quality financial structure. A typical portfolio contains 35-45 holdings.

The Treasurer called a brief recess from 10:45 a.m. to 10:50 a.m.

Columbia Management Company. Mr. Steven N. Marshman, Portfolio Manager, Mr. Brian D. Davis, Portfolio Manager and Mr. Roger Begin, of Fleet Asset Management represented the firm. Mr. Begin explained that Columbia, which was organized in 1969, was acquired by FleetBoston Financial in 1997; however it continues to operate as a separate business unit with its own investment, client service and management teams.

Mr. Davis explained that Columbia focuses on fundamental research to identify businesses delivering superior earnings growth. Columbia has over \$20 billion of assets under

management. Columbia is the largest investment management firm in the Northwest and has \$2 billion in small cap.

Mr. Marshman noted that Columbia is a bottom-up growth manager. Columbia's philosophy maintains that stock prices follow earnings and that recognizing trends which produce above average growth rates among investment opportunities can generate consistently superior returns over long-term horizons. Columbia reviews companies with the ability to grow revenue and earnings at least 20% annually and that have a sustainable valuation. The firm purchases the best risk/reward candidates. Columbia has consistently outperformed the Russell 2000 Growth Index in up and down markets.

Times Square Capital Management. Mr. Patrick J. McNelis, Managing Director, Mr. Grant R. Babyak, Managing Director and Portfolio Manager and Ms. Yvette C. Bockstein, Managing Director represented the firm. Mr. McNelis explained that Times Square was founded in 2000 as a subsidiary of CIGNA Corporation. Times Square uses a research driven bottom-up fundamental analysis discipline. They plan to close the small cap product at \$2.5 billion and have approximately \$48 billion in total assets under management.

Mr. Babyak noted that portfolios are comprised of approximately 100-120 stocks that are characterized by market capitalization between \$50 million and \$1.5 billion at time of purchase and a demonstrated ability to grow earnings and sales at least 15% per year. Times Square looks for companies with exceptional management, a distinct, sustainable competitive advantage and a strong, consistent growth. They have no more than 5% in any one stock.

Ms. Bockstein explained Times Square's strong sell discipline, focusing on the following factors: operating objectives not being met; management has been unable to sustain a competitive advantage; reasons for the purchase have changed; and overvaluation. Mr. McNelis stressed Times Square's consistent returns over time.

The Treasurer asked Ms. Caine and Mr. Bensur for their recommendations. Ms. Caine expressed a desire to gain exposure in both the core/value and growth categories. Both Ms. Caine and Mr. Bensur recommended hiring three firms - two in the core/value category and one from the growth category. It was agreed by Commission members to retain three firms for the small cap US equity assignment.

Mr. Costello moved, Sen. DaPonte seconded and the following motion was passed unanimously. The following members voted in favor: Mr. Costello, Sen. DaPonte, Ms. Gallogly, Dr. McKenna, Mr. Thorsen, Mr. Whitty and Treasurer Tavares.

VOTED: To retain Wasatch Advisors, Inc. as a small cap US equity investment manager subject to successful negotiation of appropriate contracts and fee schedules.

Mr. Thorsen moved, Mr. Whitty seconded and the following motion was passed unanimously. The following members voted in favor: Mr. Costello, Sen. DaPonte, Ms. Gallogly, Dr. McKenna, Mr. Thorsen, Mr. Whitty and Treasurer Tavares.

VOTED: To retain Wellington Management Company as a small cap US equity investment manager subject to successful negotiation of appropriate contracts and fee schedules.

Dr. McKenna moved to retain Columbia Management Company and the motion was not seconded. Therefore the motion was withdrawn.

Mr. Thorsen moved and Ms. Gallogly seconded a motion to retain NorthPointe Capital. This motion was withdrawn following discussion because a recommendation was made to vote first on whether to hire two growth managers and one core/value manager or to hire one growth manager and two core/value managers.

When asked by the Treasurer, Ms. Caine replied that given the current composition of the domestic equity portfolio, she believed that two core/value managers would be the most appropriate choice.

Mr. Costello moved, Dr. McKenna seconded and the following motion was passed. The following members voted in favor: Mr. Costello, Sen. DaPonte, Ms. Gallogly, Dr. McKenna, Mr. Whitty and Treasurer Tavares. Mr. Thorsen was opposed.

VOTED: To retain one small cap US equity investment manager in the core/value category and two managers in the growth category.

Mr. Bensur advised the Commission that there were weighting issues to be addressed by hiring one core/value manager and two growth managers. He noted that the weighting should no longer be divided equally into thirds. He stated that by hiring two growth managers, there would be a growth tilt in the portfolio which would dictate that the core/value manager should be overweighted. When asked by the Treasurer, Ms. Caine agreed with Mr. Bensur that the weighting should change.

Mr. Thorsen moved, Dr. McKenna seconded and the following motion was passed. The following members voted in favor: Mr. Costello, Sen. DaPonte, Ms. Gallogly, Dr. McKenna, Mr. Thorsen, Mr. Whitty and Treasurer Tavares.

VOTED: To retain Columbia Management Company as a small cap US equity investment manager for half of the growth side of the portfolio, subject to successful negotiation of appropriate contracts and fee schedules.

Note: Dr. McKenna left the meeting at 12:25 p.m.

Treasurer Tavares explained that the Office of the Attorney General has been investigating the possibility of becoming involved in a lawsuit regarding Enron securities. He requested Commission approval should the Office of the Attorney General decide involvement would be to the advantage of the State of RI.

Mr. Thorsen moved, Mr. Costello seconded and the following motion was passed unanimously. The following members voted in favor: Mr. Costello, Sen. DaPonte, Ms. Gallogly, Mr. Thorsen, Mr. Whitty and Treasurer Tavares. (Note: Dr. McKenna was not present for this vote.)

VOTED: To authorize the General Treasurer to include the Rhode Island Employees' Retirement System in a lawsuit against Enron, should it be the recommendation of the Office of the Attorney General.

Senator DaPonte moved, Mr. Whitty seconded and the following motion was passed unanimously. The following members voted in favor: Mr. Costello, Sen. DaPonte, Ms. Gallogly, Mr. Thorsen, Mr. Whitty and Treasurer Tavares. (Note: Dr. McKenna was not present for this vote.)

VOTED: To adjourn the meeting.

There being no further business, the meeting was adjourned at 12:30 p.m.

Respectfully submitted,

Paul J. Tavares
General Treasurer
