Dear Mr. [REDACTED]

Following my correspondence to you on March 24, 2015, we found two additional pieces of correspondence responsive to your Access to Public Records Request. In addition, there was an amendment to the Kelmar Contract which should have also been included. Please note that one of the documents has been redacted and an attachment withheld as they are unrelated to your request and contained information that is protected from disclosure pursuant to Rhode Island General Laws § 38-2-2(A)(II)(K) as the information was a preliminary draft/working paper and considered confidential. Accordingly, attached please find additional responsive documents.

Sincerely,

Amanda D. Lucas, Paralegal
