Representative Mark B. Heffner joined the meeting at 9:10 a.m. Absent were: Senator Daniel P. Connors and B. Gen. (Ret.) Jack A. Apperson.

**VOTED: To approve the Minutes of the May 24, 2000 Regular Meeting.**

Brown Brothers Harriman & Co. Mr. Bensur gave a brief overview of Brown Brothers Harriman & Co., which was retained to manage a broad US fixed income portfolio. The portfolio is managed in an active manner and is expected to add value – net of management fees – relative to the returns that could be achieved through a passive approach to this market segment. Brown Brothers' allocation represents 3.7% of the total fund and 12.0% of the fixed income composite. Market value at 5/31/00 was \$254.3 million.

Mr. Jeffrey A. Schoenfeld, Chief Investment Officer and Ms. Cosby W. George, Senior Vice President represented the firm. Mr. Schoenfeld noted that Brown Brothers has outperformed their benchmark in eight out of the ten years since inception. The portfolio is expected to generate a total return of 80 basis points over the Salomon Broad Investment Grade Bond Index, and a return that ranks in the top 30% of the Wilshire core fixed income management universe – both over a three to five year time horizon.

Ms. George described the three significant fixed income themes over the past twelve months: 1) significant interest rate increases; 2) yield curve inversion; and 3) widening yield differentials. The portfolio's duration has been neutral to the index since June 1999. Their duration reduction in 1999 was advantageous given the increasing rate environment. Brown Brothers' primary active strategies have focused on overweighting

Non-Treasury, high quality corporates and asset-backed securities given their attractive risk-adjusted return potential. Ms. George stated that their overweight duration position early in 1999 subtracted from performance. The overweight in ABS and corporates proved to be beneficial. Most of this year's underperformance is attributable to significant widening of yield spreads and the downgrade of Conoco (-40 basis points).

Fleet Investment Advisors. Mr. Bensur gave a brief overview of Fleet Investment Advisors, which manages a core-oriented fixed income portfolio. The portfolio is managed in an active manner and is expected to provide the Fund with capital preservation and income generation by investing in a diversified portfolio of marketable US fixed income securities. Fleet's allocation represents approximately 10.2% of the total fund and approximately 33.0% of the fixed income composite. Market value at 5/31/00 was \$693 million.

Ms. Mary McGoldrick, Vice President and Mr. Glenn Migliozzi, Executive Vice President and Managing Director of Fixed Income represented the firm. Mr. Migliozzi stated that Fleet had recently merged with BankBoston. Fleet's combined assets under management now equal \$110 billion, half of which is in fixed income.

Ms. McGoldrick highlighted total returns since 1985. For the first quarter of 2000, the portfolio was up 4.1% against the benchmark at 2.21%. The portfolio has met its objective over both the three and five-year periods. The three-year annual average return was 7.63% and the five-year average was 7.50%. Fleet expects to continue to be over-weighted in Treasuries.

CollegeBoundfund. The Treasurer gave a brief overview of the CollegeBoundfund. He stated that the contract with the administrator of the former RI Higher Education Savings Trust (RIHEST) (now the CollegeBoundfund) will be expiring on July 31, 2000. With the assistance of Treasury staff, the RI Higher Education Assistance Authority (RIHEAA) issued a Request for Proposals for the administration of the program. A Subcommittee consisting of the Executive Director of RIHEAA, the Executive Director of the RI Student Loan Authority (RISLA), Legal Counsel to RIHEAA/RISLA, a RIHEAA Board Member, and Treasury and RIHEAA staff was formed to review applicants. The four finalists were: Alliance Capital, Putnam Investments, Morgan Stanley Dean Witter and Strong Investments. Putnam withdrew its proposal prior the interview process and the three remaining finalists gave presentations to the Subcommittee.

The Treasurer stressed that the objectives regarding the hiring of a new administrator were the following:

- To lower costs to the Participants
- To make it Consumer friendly to facilitate Consumer participation
- To offer a variety of investment options to conform to Section 529 of the Internal Revenue Code

- To have a unique Rhode Island program to assist all Rhode Islanders with financing education costs

Joan M. Caine, Deputy Treasurer for Finance, reported that all three finalists were highly qualified firms and that their proposals included significant improvements to the existing savings plan. She then discussed the strengths and weaknesses of each of the finalist's proposals.

Morgan Stanley has a strong brand name recognition; and although they offered creative and innovative investment options, they were viewed less favorably for the following reasons:

- Offered a limited number of funds with a mediocre track record.
- Concerns regarding their investment banking emphasis: is the RI business big enough to get the dedication and attention we're looking for?
- Distribution channels consisted only of Morgan Stanley financial advisor's - no other methods of distribution.

Strong Investments has an excellent reputation in the mutual fund industry with highly rated funds. However, the concerns of the Committee were the following:

- Inflexibility regarding modification of proposed investment options.
- Aggressive pursuit of other states (4) which would put Rhode Island in competition with other states, such as Oregon.
- Limited distribution system - no financial advisors - concerned this would limit the plan's asset accumulation.

Ms. Caine stated that the Subcommittee unanimously agreed to recommend Alliance Capital to administer the CollegeBoundfund subject to further negotiations based on the following:

- Its fees are very competitive. Negotiations with Alliance representatives resulted in reducing fees from their original proposal for RI residents.
- Flexibility - Alliance was willing to modify original proposal to address asset allocation concerns. They've hired Ibbotson Associates which is a leading authority on asset allocation. Ibbotson brings a highly qualified outside perspective to the portfolio oversight process.
- Alliance is a well-established organization and a leading global asset manager with \$394 billion of assets under management.
- The funds offered have a solid track record.
- Alliance is willing to deal exclusively with Rhode Island. It plans to aggressively market nationally; and
- A highly rated, dedicated customer service team, web-based access with 24-hour/7 day a week coverage.

While Alliance is best known as an institutional money manager, with 52% of assets under management with institutional clients, 48% of assets are in mutual funds. Alliance proposes using ten funds for the CollegeBoundfund program with solid track records. Alliance proposes offering at least one (possible two) age-based portfolio series and three additional, fixed-allocation portfolios: Balanced, Aggressive Equity and Conservative Equity. Of the three finalists, Alliance demonstrated the greatest openness to new ideas and to working with the SIC and RIHEAA on developing final investment options. Alliance also has recent experience with large account transition and implementation that will help alleviate challenges when EFG hands off the management of this program.

As opposed to other finalists, Alliance has a very broad distribution network in place. They will not rely upon a single source for new accounts and are committed to providing brokers the incentives they need to promote the CollegeBoundfund and to ensure that assets are not transferred to other competing 529 programs. Alliance plans a comprehensive media and public relations campaign to raise awareness of and participation in the CollegeBoundfund.

Ms. Caine distributed and reviewed a fee analysis for the three finalists. She stressed that Alliance was cooperative in negotiating fees down and in modifying their original RI participant fee proposal. She reviewed the risk and return characteristics of the age-based portfolios and the average annual returns over time. She stated that Alliance is also willing to sign an exclusive contract with Rhode Island that the Subcommittee viewed very positively. Exclusivity eliminates competition from other state college savings programs that would have otherwise been managed by Alliance.

Mr. Thorsen wanted it on the record that the State would not be guaranteeing performance return on participant accounts.

Alliance Capital. Representing the firm were: Mr. Richard Davies, Executive Vice President, Mr. Scott Sipple, Vice President, Mr. Peter Mazareas from Strategic Advancement Group, a Consultant to Alliance Capital, Mr. Peter Callahan, Vice President and Mr. Thomas Carlson from Ibbotson Associates, an asset allocation consulting firm.

Mr. Davies stated that Alliance has \$394 Billion of assets under management. He also announced that Alliance Capital is acquiring Sanford C. Bernstein by year end. Their combined assets under management will be \$479 Billion. He stated that Alliance will offer 1-2 age-based portfolios with an additional offering of 3 fixed portfolios: aggressive and conservative all-equity portfolios and a 60% equity/40% bond balanced portfolio. There will be no annual account maintenance fees for Rhode Island residents (currently \$18), and asset management fees will range from 0.92% - 1.08% (vs. 1.55% currently).

Alliance will offer two enrollment options for participants with differing fee schedules: a direct/web account set-up and a financial advisor set up. Accounts opened through FA's will be subject to a one-time finder's fee of 0.50% which will be paid by

Alliance and a 0.50% annual service fee. Alliance has agreed to pay 0.25% of the .50% annual service fee for Rhode Island residents only. San Antonio, Texas will be the primary support site. Alliance has dedicated a \$3.5 million marketing budget for the RI program.

Note: Dr. McKenna left the meeting at 10:30 a.m. Prior to leaving, he indicated his support for the acceptance of Alliance Capital as the fund administrator.

Mr. Costello moved, Ms. Reback seconded and the following motion passed unanimously. The following members voted in favor: Mr. Costello, Ms. Gallogly, Rep. Heffner, Ms. Reback, Mr. Thorsen and Treasurer Tavares.

**VOTED: To retain Alliance Capital for the CollegeBoundfund Program subject to approval by the Board of the Rhode Island Higher Education Assistance Authority contingent upon negotiation and satisfactory review by Treasury Staff of a contract and selection of investment options.**

Representative Heffner thanked and complimented the Treasurer and Treasury Staff for their diligence and thoroughness in reviewing the three finalists and their ultimate decision to recommend Alliance. The rest of the Commission members seconded his comments.

Ms. Reback moved, Mr. Costello seconded and the following motion was passed unanimously. The following members voted in favor: Mr. Costello, Ms. Gallogly, Rep. Heffner, Ms. Reback, Mr. Thorsen and Treasurer Tavares.

**VOTED: To adjourn the meeting.**

There being no further business, the meeting was adjourned at 11:00 a.m.

Respectfully submitted,
