**Minutes of the Regular Meeting  
September 22, 1999**

A State Investment Commission meeting was held in Room 135, State House, Providence, Rhode Island on Wednesday, September 22, 1999. There being a quorum present, the Treasurer called the meeting to order at 9:05 a.m.

Membership Roll Call. Present were B. Gen (Ret.) Jack A. Apperson, Senator Daniel P. Connors, Mr. J. Michael Costello, Ms. Rosemary Booth Gallogly, Designee of the Director of Administration, Representative Mark B. Heffner and General Treasurer Paul J. Tavares. Absent was: Mr. James E. Thorsen. Also present were Mr. William G. Bensur, Jr., of Wilshire Associates Incorporated, Consultant to the Commission, Andrew M. Hodgkin, Esq., Legal Counsel to the Commission and other members of the Treasurer's Staff.

State Investment Commission Minutes. Mr. Hodgkin requested that the Minutes of the Regular Meeting and the Closed Session (both held on 8/25/99) be amended to reflect an additional statute cited with regard to the reasons specified for holding the meeting in Closed Session.

Rep. Heffner moved, Ms. Gallogly seconded and the following motion was passed unanimously. The following members voted in favor: Gen. Apperson, Sen. Connors, Mr. Costello, Ms. Gallogly, Rep. Heffner and Treasurer Tavares.

**VOTED: To approved the Minutes of the August 25, 1999 Regular Meeting and the August 25, 1999 Closed Session, as amended.**

Taplin, Canida & Habacht. Mr. Bensur gave a brief overview of Taplin, Canida & Habacht, which was retained in 1996 for the Emerging Manager Program to provide a strategic market allocation to the general investment characteristics of the corporate sector of the US fixed income market. Taplin emphasizes long-term growth by incorporating quality control and prudent diversification of assets. Preservation of capital is stressed through strict adherence to risk controls throughout the investment process. Taplin's allocation represents approximately 1.5% of the total fund and 4.6% of the fixed income composite. Market value at 6/30/99 was \$97.7 million and the portfolio is comprised of 31 securities with an effective duration of 5.16 years.

Ms. Tere Alvarez Canida, President and Mr. Alan Habacht, Principal represented the firm. Ms. Canida stated that Taplin has \$2.5 billion of assets under management. There has been no turnover in their professional staff or their administrative team. She explained that value is added from: maturity and duration selection; sector rotation; yield spread analysis, yield curve positioning, issue selection and cost effective trading.

Mr. Habacht stated that the portfolio is broadly diversified among the industrial, finance and utility sectors, including Yankee bonds which are foreign securities denominated in US dollars. Securities with maturities beyond 30 years are prohibited. Up to 25% may be in US Governments/Agencies and the maximum cash position is 20%. Return on the portfolio since inception is 6.82% compared to the benchmark of 5.55%. Mr. Habacht noted that sector and issue selection, quality and yield curve strategies are factors favorably affecting performance.

MacKay Shields Financial Corporation. Mr. Bensur gave a brief overview of MacKay Shields Financial Corporation, which was retained in 1994 to provide a strategic allocation to the large stock/value-oriented segment of the domestic equity market. MacKay focuses on value stock with low P/E and/or low price/free cash flow. Portfolios are constructed on a bottom-up basis using both quantitative and qualitative analysis designed to generate competitive performance and low market risk. MacKay's allocation represents approximately 3.9% of the total fund and 8.1% of the domestic equity composite. Market value at 6/30/99 was \$257.8 million and the portfolio is comprised of 69 securities.

The primary reason MacKay was invited before the Commission was to address the recent departure of Mr. Denis Laplaige, the former President, and the under-performance of the portfolio. Mr. Ravi Akhoury, Chairman and CEO, Mr. Richard Rosen, Director-Head of Value Equity Team, and John Prom, Senior Managing Director and Head of Marketing and Client Service represented the firm. Mr. Prom stressed that except for Mr. Laplaige, the other members of the value equity portfolio management team will remain the same with Mr. Rosen heading the Value Product area. Mr. Akhoury explained the departure of Mr. Laplaige and the restructuring of the firm.

A discussion followed regarding the fact that the disciplined value style has been an out-of-favor sector of the marketplace for the past three years with 1998 being a particularly bad year. Wilshire believes that we are in the beginning phases of a value style recovery. Mr. Bensur recommended, and the Commission approved, putting MacKay on probation for the next six months, giving them time to bring the performance of the portfolio back to expected levels. Wilshire will monitor MacKay's activities closely during the probationary period.

Y2K Update. Mr. Bensur provided an update on the progress of Wilshire's Y2K survey of investment managers. He reported that of all the investment managers, four managers had been lagging in Year 2000 readiness. They are now at a satisfactory level of compliance. Wilshire has set up a contingency plan to manage a problem situation.

The Treasurer thanked the Commission, Gen. Apperson and both Bill Bensur and Donna Yates Kling of Wilshire for their diligence in the Y2K area.

Consultant Report - Wilshire Associates Incorporated. Providing his monthly Capital Market Update, Mr. Bensur reported that the broad US equity market, as measured by the Wilshire 5000 Index, has returned 8.9% through 9/17/99. Large cap stocks, as measured by the S&P 500 Index, have returned 9.7% year-to-date. Small

stocks continue to trail larger stocks. Large growth stocks have outpaced large value stocks by 4.5% (11.8% vs 7.3%), while small value stocks have outperformed small growth stocks by 2.5% (2.8% vs 0.3%).

European equity markets show little signs of life as the Pacific and Emerging Markets continue their economic and financial recovery from last year's predicament. As of 9/17/99, the MACI EAFE Index (a measure of developed international equity markets) has returned 7.5%. The Pacific equity market (as measured by the MSCI Pacific Index) returned 35.5% through 9/17/99 while the European equity market (as measured by the MSCI Europe Index) has declined 1.2%. The MSCI Emerging Markets Index has risen 29.1%.

Executive Director – Employees Retirement System Report. Ms. Joann Flaminio reported on the progress of plans to computerize the business practices of the retirement system. The field of respondents to the RFP for a computer vendor has narrowed and she hopes to bring a recommendation for a vendor to the Retirement Board members at their October meeting. The implementation of the computerization project is expected to start in early 2000.

Ms. Flaminio also reported on the results of the latest actuarial evaluation for fiscal year June 30, 1998, which determines employer contribution rates for FY'2001. She noted that both active and retired membership figures have increased over the past year. She reviewed the recommended employer contributions for FY'2001 with the Commission and noted that the retirement system will be sponsoring legislation to change the methodology for the ERSRI (State and teachers) plan from the present Frozen Initial Liability methodology to what is known as an Entry Age Normal method. Both the board and the system's actuary support the move in an effort to reduce future volatility in employer contribution rates.

Finally, Ms. Flaminio noted that most of the MERS plans are fully funded at this point; however, the state employer and teacher plans are approximately 80% funded as stated in the latest actuarial report.

Treasurer's Report. The Treasurer distributed a chart entitled "Missing the Market" that indicated over the last ten years, annualized returns drop dramatically when you are not in the market full time.

Gateway Eight Limited Partnership. Mr. Hodgkin gave a brief update on the Gateway Eight Limited Partnership investment. He noted that the documentation, which is now in the simpler form and structure of a mortgage loan rather than a bond, is under the control of the Commission's counsel. Drafts of all documents have been prepared and sent to Borrower's counsel and the EDC. While numerous items have to be produced by the Borrower prior to finalizing the transaction, Mr. Hodgkin was hopeful that a closing could be scheduled in October. Representative Heffner reminded Mr. Hodgkin of the legal opinion that must be rendered by Brown Rudnick Freed & Gesmer to the effect that the actions being taken by the Commission are consistent with the fiduciary responsibilities of the SIC. Mr. Hodgkin indicated that a draft of the letter

had been prepared and would be circulated, with a reasonable period of time to review and comment by the SIC, prior to the closing.

Mr. Costello moved, Ms. Gallogly seconded and the following motion was passed unanimously. The following members voted in favor: Gen. Apperson, Sen. Connors, Mr. Costello, Ms. Gallogly, Rep. Heffner and Treasurer Tavares.

**VOTED: To adjourn the meeting.**

There being no further business, the meeting was adjourned at 11:10 a.m.

Respectfully submitted,

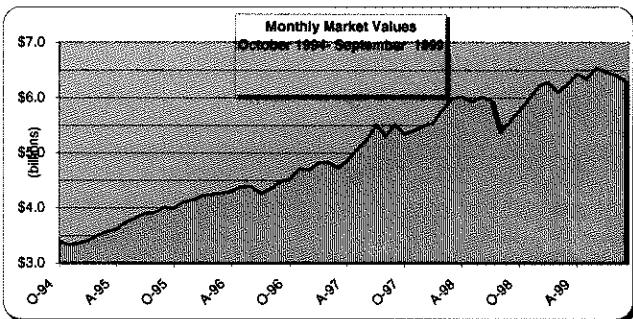

Paul J. Tavares  
General Treasurer

## ASSET ALLOCATION

Despite the rebalancing which recently took place, there remains a 1.2% over-allocation in domestic equities; fixed income is over-allocated by 1.2%, the international equity asset class is over-allocated by 1.1%, while the alternative investments asset class is under-allocated by 3.7%. The challenge of investing the alternative investment commitment in an orderly fashion will continue to persist.

Cash and equivalents decreased from \$424.7 Million in August to \$352.1 Million in September.

## MANAGER FUNDING

The following thirty five cash transfers took place during September, principally to provide sufficient cash for alternative investment funding as well as retirement payroll.

At this time, the alternative investment asset class has an unfunded allocation of approximately \$193.3 Million, vs a commitment of \$381.9.

## CASH FLOW

September's combined state and teacher contributions were insufficient to cover the month's pension payroll, requiring a transfer of \$17,000,000 from the long term plan; the municipal plan also required a transfer of \$1,000,000.

## SHORT TERM CASH

The short-term cash portfolio had a 16.34 day weighted average maturity vs. 25.64 days in August, and 16.71 days in September 1998. Investments at September 30th totaled \$396.75 Million. Interest earned during the month was \$849,720, of which \$39,556 was credited to the retirement accounts, based on an interest rate of 5.2% or 81 basis over the average 30 day treasury rate.
