STATE INVESTMENT COMMISSION**

**Minutes of the Regular Meeting  
December 28, 1999**

A State Investment Commission meeting was held in Room 135, State House, Providence, Rhode Island on Tuesday, December 28, 1999. There being a quorum present, the Treasurer called the meeting to order at 9:10 a.m.

On behalf of the State Investment Commission, the Treasurer extended birthday greetings to Ms. Marcia Reback.

Membership Roll Call. Present were: B. Gen. (Ret.) Jack A. Apperson, Senator Daniel P. Connors, Representative Mark B. Heffner, Ms. Marcia Reback, Mr. James E. Thorsen and General Treasurer Paul J. Tavares. Absent were: Mr. J. Michael Costello and Mr. Robert J. McKenna. Also present were: Ms. Joan M. Caine, Deputy Treasurer for Finance, Mr. William G. Bensusan, Jr., of Wilshire Associates Incorporated, Consultant to the Commission and Andrew M. Hodgkin, Esq., Legal Counsel to the Commission and other members of the Treasurer's Staff. Ms. Rosemary Booth Gallogly, Designee of the Director of Administration joined the meeting at 9:50 a.m.

State Investment Commission Minutes. Ms. Reback moved, Mr. Thorsen seconded and the following motion was passed unanimously. The following members voted in favor: Gen. Apperson, Sen. Connors, Rep. Heffner, Ms. Reback, Mr. Thorsen and Treasurer Tavares. Ms. Gallogly was not present for this vote.

**VOTED: To approve the Minutes of the October 27, 1999 Regular Meeting.**

Y2K Update. Mr. David Lawrence, Deputy Treasurer for Administration, and head of the internal Y2K Commission reported that all internal equipment and external links to banks have been tested. All systems that could be tested, have been tested; and all outside vendors have reported that they are 100% compliant. Many department computers have been replaced or refitted to be compliant. The software and hardware of all three Treasury networks have been completely replaced.

The Treasurer commended Mr. Lawrence and the internal Y2K Commission as well as Gen. Apperson and the other volunteers for their time and work with regard to Y2K compliance.

Mr. Hodgkin stated that the Board would be notified immediately by the Treasurer should any problems arise regarding Y2K that would affect the Board's responsibility and liability.

Deputy Treasurer for Finance Report. Ms. Caine reported that the Gateway Eight Limited Partnership transaction closed in December. The bonds have been converted to two mortgage loans with the first interest and principal amortization payments due on January 1, 2000. She also stated that the Northern Ireland Report, which details the pension fund investments in US corporations doing business in Northern Ireland, has been completed and is available for distribution. Ms. Caine then briefly reviewed performance for October and November and for the calendar year-to-date. During each of October and November, the fund earned 2.7% and for the eleven months ended November 30, 1999, the fund returned 8.9%. The market value of the fund reached a new high of \$6.66 billion. Also noted is that the short-term portfolio has continued to perform well.

Consultant Report – Wilshire Associated Incorporated. Providing a brief capital market update, Mr. Bensur reported that the Wilshire 5000 is up about 2% higher than the S&P 500. International markets have come back and performed very well; European markets have performed reasonably well; and fixed income was disappointing, producing flat to negative returns.

As a preamble to the Asset/Liability Analysis and Investment Structure Recommendations by Wilshire, Ms. Caine stated that Watson Wyatt Worldwide, the actuary for the RI Employees' Retirement System, Treasury Staff and Wilshire Associates had all contributed to the asset allocation study.

Mr. Bensur explained that the Rhode Island Employees' Retirement System ("RIERS") sponsors plans for five retirement systems: State Employees'; Teachers'; Municipal Employees'; State Police and Judiciary. He stressed that Watson Wyatt helped to develop the liability assumptions of the State Employees' and Teachers' Retirement Systems on an "Entry Age Normal" funding basis. This provides a more realistic view of the total actuarial liability. Due to incompatible funding methodologies, the relative size of the other three plans and because the State Employees' and Teacher's Retirement Systems dominate the assets and liabilities of RIERS, the focus of Wilshire's analysis will be on the State Employees' and Teachers' plans only. Because all five plans are combined through one master custody arrangement for investment purposes, all recommendations contained in the report apply to the total RIERS investment program.

Wilshire has previously conducted asset/liability analysis for RIERS in 1987, 1993 and 1996. In general, the current asset allocation policy targets are similar to other large public and corporate retirement plans. Current asset allocation targets are: 45% US Equity; 15% non-US Equity; 32.5% Fixed Income and 7.5% Alternative Investments. The actual figures are 46% in US Equity; 17% in non-US Equity; 28% in Fixed Income and 4% in Alternative Investments. There is 5% in cash.

Wilshire recommends that a slightly more aggressive asset allocation profile be adopted through a higher exposure to equity-oriented investments. The current asset allocation policy is not expected to generate a return that either meets or exceeds the assumed actuarial discount rate (8.25%). However, because the existing asset allocation

policy is broadly diversified across the major asset categories, any changes designed to increase return are expected to be accompanied by a commensurate increase in the expected risk profile of the investment program.

Note: Ms. Rosemary Booth Gallogly joined the meeting at 9:50 a.m.

The analysis of the plan information is based on the June 30, 1998 actuarial valuation and a set of specific assumptions about employment trends and salary growth. Based on that data, Wilshire forecasted to June 30, 1999 to establish a demographic profile and determined the current financial condition of the plan. The next step in the process was to project the expected future financial condition of the plan from June 30, 1999 to June 30, 2009. Under the various asset mix alternatives tested, the market value of the plan assets is expected to range from \$8.9 billion to \$9.6 billion by June 30, 2009.

In order to generate a rate of return that is competitive with the 8.25% interest rate assumption, Wilshire recommends adoption of a policy that includes the following:

Increase the equity-oriented exposure from 67.5% to 72.5%

- Maintain the target allocation to US equity at 45%
- Increase the target allocation to non-US equity from 15% to 20%
- Maintain the target allocation to alternative investments at 7.5%

Decrease the fixed income allocation by 5% from 32.5% to 27.5%.

Wilshire expects the plan to become fully funded over the ten year planning period. This proposal offers specific asset allocation and investment structure recommendations that Wilshire believes represent the best approach to manage the funding status and, at the same time, control the risk profile of the investment program.

After a lengthy discussion, Representative Heffner requested that acceptance of the report and implementation of the restructuring be continued as he would like more time to review the recommendations.

Note: Representative Heffner left the meeting at 11:10 a.m.

Gen. Apperson moved, Ms. Reback seconded and the following motion was passed unanimously. The following members voted in favor: Gen. Apperson, Sen. Connors, Ms. Gallogly, Ms. Reback, Mr. Thorsen and Treasurer Tavares. Rep. Heffner indicated before leaving that if he were present for the vote, he would be opposed to the motion.

**VOTED: To accept Wilshire Associates' Asset/Liability Analysis and Investment Structure Recommendations as presented to the Commission with implementation to be voted on at the January meeting.**

Ms. Caine reported that the Custodial Contract with State Street Bank and Trust Company had been extended to 12/31/99 at the June 23, 1999 meeting, in order to eliminate being in transition during the Y2K changeover. It is recommended to extend the contract for a period of time not to exceed six months in order to allow time to investigate alternatives.

Ms. Reback moved, Gen. Apperson seconded and the following motion was passed unanimously. The following members voted in favor: Gen. Apperson, Sen. Connors, Ms. Gallogly, Ms. Reback and Treasurer Tavares. Mr. Thorsen abstained from voting.

**VOTED: To extend the Custodial Contract with State Street Bank and Trust Company for a period of time not to exceed six months.**

Ms. Reback moved, Mr. Thorsen seconded and the following motion was passed unanimously. The following members voted in favor: Gen. Apperson, Sen. Connors, Ms. Gallogly, Ms. Reback, Mr. Thorsen and Treasurer Tavares.

**VOTED: To adjourn the meeting.**

There being no further business, the meeting was adjourned at 11:15 a.m.

Respectfully submitted,

Paul J. Tavares  
General Treasurer

**Manager Funding**

A summary of cash transfers by asset class which took place during December is presented at right. Such transfers are required to provide sufficient cash for alternative investment funding as well as to meet the retirement payroll obligations.

**Cash Flow**

December's combined state and teacher contributions were insufficient to cover the month's pension payroll, requiring a transfer of \$2,000,000 from the long term plan; the municipal plan also required a transfer of \$1,000,000.

**Alternative Investments**

At this time the alternative investment asset class has an unfunded allocation of approximately \$179.5 Million, vs. a commitment of \$381.9 Million.
