Welcome. The Treasurer welcomed new members Ms. Marcia Reback and Dr. Robert J. McKenna. Ms. Reback, President of the Rhode Island Federation of Teachers, represents the members of the Retirement System and is a former member of the Retirement Board. Dr. McKenna, Chairperson of the Rhode Island Higher Education Assistance Authority, is a former member of the State Investment Commission.

Membership Roll Call. Present were: B. Gen. (Ret.) Jack A. Apperson, Mr. J. Michael Costello, Ms. Rosemary Booth Gallogly, Designee of the Director of Administration, Dr. Robert J. McKenna, Ms. Marcia Reback, Mr. James E. Thorsen and General Treasurer Paul J. Tavares. Absent were: Senator Daniel J. Connors and Representative Mark B. Heffner. Also present were Ms. Joan M. Caine, Deputy Treasurer for Finance, Mr. William G. Bensur, Jr., of Wilshire Associates Incorporated, Consultant to the Commission, Andrew M. Hodgkin, Esq., Legal Counsel to the Commission and other members of the Treasurer's Staff.

State Investment Commission Minutes. Ms. Gallogly requested that the Minutes to the Regular Meeting held on September 22, 1999 be amended to reflect that MacKay Shields has been placed on probation and deleting the reference to a time frame.

Ms. Gallogly moved, Gen. Apperson seconded and the following motion was passed unanimously. The following members voted in favor: Gen. Apperson, Mr. Costello, Ms. Gallogly, Dr. McKenna, Ms. Reback, Mr. Thorsen and Treasurer Tavares.

**VOTED: To approve the Minutes of the September 22, 1999 Regular Meeting, as amended.**

J. P. Morgan Investment Management, Inc. Mr. Bensur gave a brief overview of J.P. Morgan Investment Management, Inc., which was retained in 1998 to provide a strategic core-oriented allocation to the large capitalization segment of the US equity market. J. P. Morgan's allocation represented approximately 12.0% of the domestic equity manager composite. Market value at 6/30/99 was \$380.8 million and the portfolio holds approximately 253 securities.

Ms. Brenda Walker, Client Advisor and Mr. Timothy Devlin, Portfolio Manager represented the firm. Ms. Walker stated that J.P. Morgan has \$326 billion in assets under management; \$79 billion of which are in US institutional equity assets.

Mr. Devlin explained J.P. Morgan's proprietary process. Their research is exclusively for the benefit of their clients, generating insights that are independent of consensus. This produces superior forecasts of long-term earnings and growth. J.P. Morgan matches portfolio sector weights to its benchmark weights. He then reviewed several positive and negative contributors to the portfolio. He stated that J.P Morgan's fundamental research is the basis for generating the outperformance of the benchmark. They avoid over-valued stocks and overweight the undervalued stocks.

State Street Global Advisors. Mr. Bensur gave a brief overview of State Street Global Advisors, which was retained in 1998 to provide a strategic core-oriented allocation to the large capitalization segment of the US equity market. State Street's allocation represented approximately 11.5% of the domestic equity manager composite. Market value at 6/30/99 was \$365.9 and the portfolio holds approximately 113 securities.

Mr. Tobias K. Seggerman, Principal and Client Service Officer, Ms. Jane R. Tisdale, Principal and Mr. Theodore Gekes, Principal and Portfolio Manager represented the firm. Mr. Seggerman stated that State Street has over \$575 billion in assets under management, \$66 billion of which has been added in 1999. Over 65% of State Street's new business comes from existing clients. He also reported that with regard to Y2K readiness, they have met all targets to renovate and test mission critical systems.

Ms. Tisdale described the quantitative approach taken in selecting securities and the firm's investment philosophy. She explained that State Street focuses on building new ways of evaluating securities within the US equity market. The investment process includes universe definition, quantitative analysis and qualitative review.

Mr. Gekes reviewed performance of the portfolio. During the first quarter of 1999, the valuation component of State Street's process resulted in an underweight to the largest contributors to S&P 500 performance. Earnings disappointments in several areas had a negative impact on performance. During the second and third quarters of 1999, with the exception of April, the strategy performance has been strong. Price and cash flow components benefited the stock selection process.

Y2K Update. The Treasurer stated that he is confident that all mission critical issues within the Treasury Department will be addressed. The Treasury's budget supplement identified additional monies needed for the process and he hopes the administration and general assembly will approve those requests so continued progress can be made.

Deputy Treasurer for Finance Report. Ms. Caine gave a brief overview of the recent performance of both the long-term and short-term portfolio. She reported that the fund had returned 9.7% at the end of the fiscal year, 6/30/99, which was 145 basis points above the actuarial estimate of 8.25%. However, during the first quarter of the new fiscal year, the fund lost 2.9%. While returns were disappointing, the fund didn't fare quite as poorly as the markets in general.

Ms. Caine then reviewed performance by asset class. She mentioned that on the equity side, Brinson, Babson and Seligman significantly underperformed their benchmarks. On the fixed income side, Fleet and Brown Brothers also underperformed their benchmarks. The top performers on the equity side were State Street Global Advisors with a 6.7% return for year-to-date and J. P. Morgan with a 4.8% return. Loomis Sayles and Fidelity also outperformed their benchmarks on the fixed income side.

Ms. Caine described the profile and performance of the short-term portfolio. She also stated that there were minor changes made to the Investment Policy Statements of three managers: J. P. Morgan, J. & W. Seligman and Taplin, Canida & Habacht.

Consultant Report - Wilshire Associates Incorporated. Providing his monthly Capital Market Update, Mr. Bensur reported that the broad US equity market, as measured by the Wilshire 5000 Index, has returned 6.3% through 10/22/99. Large cap stocks, as measured by the S&P 500 Index, have returned 7.0% year-to-date. Small stocks continue to trail larger stocks. Large growth stocks have outpaced large value stocks by 5.7% (9.7% vs 4.0%), while small growth stocks have modestly outperformed small value stocks by 0.5% (-2.0% vs -2.5%).

European equity markets have been relatively flat as Pacific and Emerging Markets have continued their economic and financial recovery from last year's crisis. As of 10/22/99, the MSCI EAFE Index (a measure of developed international equity markets) has returned 7.7%. The Pacific equity market (as measured by the MSCI Pacific Index) returned 36.1% through 10/22/99, while the European equity market (as measured by the MSCI Europe Index) has returned 0.8%. The MSCI Emerging Markets Index has risen 27.9%.

The bond market was subdued due to the absence of economic data releases and the erratic movements of the stock market.

Mr. Bensur stated that he will report on asset allocation at the December 9, 1999 meeting of the Commission.

Legal Counsel Report. Mr. Hodgkin stated that finalization of the transaction was moving forward regarding the Gateway Eight Limited Partnership. The closing has been slightly delayed due to some issues involving the building's tenant, but is now expected in November or early December. A draft copy of the Opinion Letter from Brown Rudnick has been distributed to Commission members.

Dr. McKenna moved, Ms. Reback seconded and the following motion was passed unanimously. The following members voted in favor: Gen. Apperson, Mr. Costello, Ms. Gallogly, Dr. McKenna, Ms. Reback, Mr. Thorsen and Treasurer Tavares.

**VOTED: To adjourn the meeting.**

There being no further business, the meeting was adjourned at 10:50 a.m.

Respectfully submitted,

Paul J. Tavares  
General Treasurer
