**Minutes of the Regular Meeting
February 23, 2000**

A State Investment Commission meeting was held in Room 135, State House, Providence, Rhode Island on Wednesday, February 23, 2000. There being a quorum present, the Treasurer called the meeting to order at 9:05 a.m.

Membership Roll Call. Present were: Senator Daniel P. Connors, Mr. J. Michael Costello, Ms. Rosemary Booth Gallogly, Designee of the Director of Administration, Ms. Marcia Reback, Mr. James E. Thorsen and General Treasurer Paul J. Tavares. Also present were: Ms. Joan M. Caine, Deputy Treasurer for Finance, Andrew M. Hodgkin, Esq., Legal Counsel to the Commission and other members of the Treasurer's Staff. Dr. Robert J. McKenna joined the meeting at 9:10 a.m. Absent were: B. Gen. (Ret.) Jack A. Apperson and Representative Mark B. Heffner.

State Investment Commission Minutes. Ms. Reback moved, Sen. Connors seconded and the following motion was passed unanimously. The following members voted in favor: Sen. Connors, Mr. Costello, Ms. Gallogly, Ms. Reback, Mr. Thorsen and Treasurer Tavares. Dr. McKenna was not present for this vote.

VOTED: To approve the Minutes of the January 26, 2000 Regular Meeting.

Bond Investment. Ms. Caine explained to Commission members that the Pension fund contains two bond investments with State of Israel Bonds – one for \$200,000 and one for \$250,000. The \$250,000 bond was purchased in June, 1994 and matures in 2004. The \$200,000 bond was purchased in July, 1989 and matured on February 1, 2000. Proceeds of the matured bond were invested in cash within the Fleet Investment Advisors' portfolio. The Commission is being asked to rollover those monies into a new State of Israel Bond. Representatives presenting to the Commission were: Susan Leach DeBlasio, Esq. of Tillinghast, Licht, Perkins, Smith & Cohen, LLP and Deputy Chair of the Rhode Island Israel Bond Cabinet; Mr. Nathan J. Lubofsky, Executive Director of the Development Corporation for Israel - State of Israel Bond; and Mr. Gerald Cohen, President of Dietech Industries and Chair of the Rhode Island Israel Bond Cabinet.

Mr. Lubofsky explained that the bonds are investment grade quality and that approximately \$500,000,000 of Israel Bonds are sold in the United States. He made the following suggestions for possible investment:

1. The Jubilee (Series A) Issue Bond (7.30%). The fixed annual interest rate for the life of the bond is determined at the beginning of the sales period in which the bond is purchased. The bonds mature 5 years from the issue date. Once

purchased, the rate is locked in for five years. New interest rates will be announced on March 1st and will be sent to Joan Caine at that time.

2. Libor Floating Rate Issue (LFRI) Bond (7.00%). Initial interest rate is 75 basis points above the 6-month applicable Libor rate. Prior to maturity, bonds may be submitted for redemption after 3 years from issue date, on 60 days notice. The bonds are redeemed at par plus accrued interest. The bonds mature 10 years from the issue date. The annual interest rate is capped at 8.00%.
3. 2nd Variable Rate Libor Note (6.85%). Initial interest rate is 60 basis points above the applicable 6-month Libor rate. The bonds mature 5 years from the first day of the month in which issued. (This is a five-year hold, with no three-year redemption.) However, there is no cap on this bond and it's rate could be raised effective March 1st.

Mr. Lubofsky explained that the proceeds of the bond issues go to the Israeli government and are used for immigrant absorption - housing, jobs and retraining. Ms. Reback noted that she has personally observed economic development projects in Israel that were financed with these bond proceeds and that the results were compelling. Mr. Thorsen expressed his concern that the Commission would be obligated to consider similar requests from other countries if the rollover was approved. The Treasurer noted that he does not believe the Commission has ever been asked to consider investing in any other sovereign debt issue and the chances of any such request in the future is unlikely.

The Treasurer suggested that we request that Fleet Investment Advisors reinvest the bond proceeds in the State of Israel Bond vehicle they deem appropriate for our portfolio.

Ms. Reback moved, Dr. McKenna seconded, and the following motion was passed unanimously. The following members voted in favor: Sen. Connors, Mr. Costello, Ms. Gallogly, Dr. McKenna, Ms. Reback, Mr. Thorsen and Treasurer Tavares.

VOTED: To request that Fleet Investment Advisors reinvest the matured State of Israel Bond proceeds into a new State of Israel Bond vehicle that they deem appropriate for our portfolio.

Deputy Treasurer for Finance Report. Ms. Caine reported that the investment management firms of MacKay Shields Financial Corp., David L. Babson & Co., Inc. and J. & W. Seligman & Co., Inc. have been terminated. The transition of securities in these portfolios to Deutsche Bank is expected to be completed by March 1, 2000. A reallocation of funds from Fleet Investment Advisors and Brown Brothers Harriman is being transferred on February 29, 2000 to Fidelity Management Trust Co. and Taplin, Canida & Habacht.

Ms. Caine stated that the Request for Proposals ("RFP") for Master Custody Services was advertised in Pensions & Investments on February 21, 2000 and was also

posted on their web site. To date, Mellon Trust and State Street Bank & Trust Company are the only two firms to respond and request copies of the RFP. She expects a request for the proposal from Northern Trust Co. as well. She explained that the RFP requested two fee quotes: one with the assumption that RIERS does not use securities lending services and one that assumes RIERS utilizes securities lending services. Ms. Caine explained that RIERS' securities lending program had been terminated in March of 1995, but that once the RFP process is complete and a custodian selected, she will recommend that the Commission re-establish a securities lending program.

Lastly, Ms. Caine reported that the Pension Fund was down 3% in January and the value of the portfolio is presently \$6.7 billion. She also distributed a report by Wilshire Associates on Profiles of Market Benchmarks.

Consultant Report - Wilshire Associates Incorporated. Mr. Bensur continued his report on Investment Structure and Manager Recommendations. Wilshire Associates makes the following recommendations.

The investment structure recommendations for US Equity are as follows:

<u>Philosophy</u>	<u>Recommended Target</u>
Core	35%
- Passive	17.5%
- Enhanced Index	7.5%
- Active Core	10.0%
Active	10%

Dr. McKenna moved, Mr. Thorsen seconded and the following motion was passed unanimously. The following members voted in favor: Sen. Connors, Mr. Costello, Ms. Gallogly, Dr. McKenna, Ms. Reback, Mr. Thorsen and Treasurer Tavares.

VOTED: To issue a Request for Proposal for a new manager for a core-enhanced index mandate with an initial 5% allocation instead of the recommended 7.5%. The Commission may increase the allocation from 5% to 7.5% over time.

The investment structure recommendations for Non-US Equity are as follows:

<u>Philosophy</u>	<u>Recommended Target</u>
Active Core-Oriented	17.0%
- EAFE-Oriented Active/Passive	5.0%
- ACWI-Oriented	12.0%
Active Emerging Mkts	3.0%

Mr. Costello moved, Mr. Thorsen seconded and the following motion was passed unanimously. The following members voted in favor: Sen. Connors, Mr. Costello, Ms. Gallogly, Dr. McKenna, Ms. Reback, Mr. Thorsen and Treasurer Tavares.

VOTED: To issue a Request for Proposal for two All-Country World Ex-US Index ("ACWI") oriented managers; and not to hire a specific emerging markets manager; and to ultimately terminate Baring Asset Management.

The recommendations for Alternative Investments are as follows:

- Maintain the target allocation to Alternative Investments of 7.5% of total assets
- Continue to implement the Alternative Investment strategy
- Consider retaining a "discretionary" alternative investments manager to oversee the existing investments and to identify and invest in additional opportunities
- Utilize a "fund of funds" account format to ease the administrative burden of the Alternative Investments allocation.

Mr. Thorsen moved, Mr. Costello seconded and the following motion was passed unanimously. The following members voted in favor: Sen. Connors, Mr. Costello, Ms. Gallogly, Dr. McKenna, Ms. Reback, Mr. Thorsen and Treasurer Tavares.

VOTED: To maintain the target allocation to Alternative Investments of 7.5% of total assets; and leave consideration of retaining a "discretionary" manager and/or utilizing a "fund of funds" to a later date.

The recommendations for the Investment Manager Continuation Policy are as follows:

- Given the poor results and frustration over the efforts of active managers, Wilshire recommends that the RIERS adopt an investment manager continuation policy
- Wilshire proposes to base the RIERS manager continuation policy on quantitative measures of "manager skill"
- Wilshire proposes to use the manager skill measure to determine whether or not an active manager should be eliminated prior to the end of a three year period.
- Adopt an investment manager continuation policy with the following parameters:
 - relative performance will be based on style-specific excess return
 - relative risk will be based on the standard deviation of the excess return
 - 80% confidence interval
- Wilshire recommends a minimum of a three (3) year period prior to taking action to terminate a manager
- Active investment managers with less than three years of history with the RIERS will be terminated if their cumulative excess return falls below the lower band of the manager skill graph
- Additionally, all active managers will be measured and evaluated on a quarterly basis relative to specific style, broad market and peer group measures

Mr. Thorsen moved, Mr. Costello seconded and the following motion was passed unanimously. The following members voted in favor: Sen. Connors, Mr. Costello, Ms. Gallogly, Dr. McKenna, Ms. Reback, Mr. Thorsen and Treasurer Tavares.

VOTED: To adopt Wilshire Associates' recommendations for the Investment Manager Continuation Policy with the following change: active investment managers with the RIERS may be terminated (not will be terminated) if their cumulative excess return falls below the lower band of the manager skill graph.

Executive Director - Employees Retirement System Report. Ms. Flaminio reported that the Treasurer and the Retirement Board recently signed a contract to use \$16.8 million for a three and a half year technology project to automate and re-engineer the business practices of the retirement system. In addition, she stated that the next valuation report of the retirement system should be available in June, 2000.

Legal Counsel Report. Mr. Hodgkin reported that he had researched the question of complying with State Purchasing Statutes when issuing Requests for Proposals. Under the Statute, public agencies may become their own purchasing agent and establish their own purchasing regulations. It was determined in the early 1990's that the State Investment Commission is a public agency in this regard. He referred to the "Rules of the State Investment Commission for Selecting Investment Managers, Consultants and Custodians" (Appendix 3.8), a copy of which he distributed.

Mr. Hodgkin was asked to advise as to whether a State Investment Commission meeting may be "closed" under the so-called Open Meetings statute in Rhode Island when discussing the possible termination of a fund manager. Under certain conditions, the answer is yes. He distributed a memo addressing that issue.

Ms. Reback moved, Dr. McKenna seconded and the following motion was passed unanimously. The following members voted in favor: Sen. Connors, Mr. Costello, Ms. Gallogly, Dr. McKenna, Ms. Reback, Mr. Thorsen and Treasurer Tavares.

VOTED: To adjourn the meeting.

There being no further business, the meeting was adjourned at 11:10 a.m.

Respectfully submitted,

Paul J. Tavares
General Treasurer

Market Values

The total portfolio value increased in February by \$156.1 million to \$6.893 billion. This compares with a decrease in value of \$182.3 million for the same period in 1999. The equity market values appreciated by \$87.4 million. Fixed income increased by \$19.8 million, net of transfers, while international equities values rose by \$38.8 million. Alternative investments increased by \$12.7 million net of capital calls, cash distributions and transfers, while cash decreased by \$2.7 million.

Asset Allocation

Recently approved changes to RIERS target asset allocations have not yet been implemented. The new targets are: domestic equities 45%, international equities 20%, fixed income 27.5%, and alternative investments 7.5%. Searches for new managers will begin in April 00. Based on these new targets, there currently remains a 2.8% over-allocation in domestic equities; fixed income is over-allocated by 3.0%; the international equity asset class is under-allocated by 2.4%, while the alternative investment asset class remains under-allocated by 3.4%.

Manager Funding

A summary of cash transfers by asset class which took place during January is presented at right. Such transfers are required to provide sufficient cash for alternative investment funding as well as to meet the retirement payroll obligations.

Cash Flow

February's combined state and teacher contributions were insufficient to cover the month's pension payroll, requiring a transfer of \$7,000,000 from the long term plan; the municipal plan also required a transfer of \$1,500,000.

Alternative Investments

At this time the alternative investment asset class has an unfunded allocation of approximately \$159.4 million, vs. a commitment of \$381.9 million.
