Company name
Mailing address
Phone number
Contact person
E-mail address

All amendments will be sent via e-mail.

Any alterations to this document made by the respondent may be grounds for rejection of the proposal, cancellation of any subsequent award, or any other legal remedies available to the State Investment Committee.

From the date this RFP is issued until the award of the contract, all communication related to this RFP shall be only directed to Kimberly Shockley, Defined Contribution Program Administrator/Benefit Compliance Chief, at the Office of Rhode Island General Treasurer, rfps@treasury.ri.gov.

I. General Invitation

The Defined Contribution Retirement Plan, Deferred Compensation Plan, and FICA Alternative Retirement Plan (FARP) for Public Employees of the State of Rhode Island ("**Plans**") invite the submission of proposals for recordkeeping/administration, communication/education, onsite education, investment advisory, investment management, and custodial trustee services. The intent of the RFP is to identify organization(s) as described in greater detail below.

Organization(s) with demonstrated experience in this area, and with an interest in making their services available to the Plans, are invited to respond to this RFP.

DRAFT

Respondents means the organization(s) that submit their qualifications to this RFP. The documents submitted will be referred to as "**Proposal.**"

A. General Information and Guidelines

1. Communications Between the Plan and Respondents

Respondents should only communicate with Kimberly Shockley, Defined Contribution Program Administrator/Benefit Compliance Chief, at the Office of Rhode Island General Treasurer, rfps@treasury.ri.gov. Current vendors may discuss ongoing business with the State but are not permitted to discuss any aspects of this RFP. All questions or requests for clarification must be in writing, sent by e-mail, and directed to the attention of Kimberly Shockley.

A Respondent that deviates from any of these restrictions is subject to immediate disqualification from this RFP process.

There should be no communication, either in person, in writing, or by phone, between any respondent (or prospective respondent) and any (1) member of the State Investment Commission or staff (except Kimberly Shockley), (2) elected officials or their staff members, or (3) other person in a position to influence the decision of the State any time during the RFP process. Direct communication with any person who falls within the descriptions in this section in an attempt to influence the awarding of the RFP shall be considered grounds for disqualification.

B. Submission of Proposals

Each vendor **must** submit their RFP response in accordance with **all** stipulations listed below:

➤ **Each service provider must submit copies, as outlined below, by 5:00 p.m. Eastern Standard Time on March 10, 2023 as follows:**

➤ **Two (2) bound copies and one (1) electronic, PDF copy to:**

Kimberly Shockley
Defined Contribution Program Administrator/Benefit Compliance Chief
50 Service Avenue
Warwick, RI 02886
rfps@treasury.ri.gov

➤ **Proposals must be clearly labeled: Request for Proposal Response: State of Rhode Island 401(a) Defined Contribution Retirement Plan, 457(b) Deferred Compensation Plan, and FICA Alternative Retirement Plan Services.**

RFPs received after the deadline are late and will not be considered. Respondents are responsible for ensuring that their proposals are received in a timely fashion.

II. State Required Information

The selected respondents must agree to abide by all applicable Rhode Island minority hiring laws, Equal Opportunity Rules and Regulations, Executive Orders, and any and all other applicable Rhode Island employment laws, rules and regulations.

The successful vendors will be required to be in compliance with Title 7 Chapter 1.2 of the General Laws of Rhode Island requiring that foreign corporations (those without a Rhode Island-based business) must procure and maintain a Certificate of Authority to transact business from the Rhode Island Secretary of State.

All materials submitted in response to this RFP become the property of the State and will not be returned. Vendors are advised that all materials submitted to the State for consideration in response to this RFP will be considered to be public records pursuant to Title 38, Chapter 2 of the General Laws of Rhode Island.

III. Scope of Services

A. Scope of Services

The Services that the Plans seek to acquire are described in detail in Section 1 to this RFP (the “Services”).

B. Term of Services

The initial contract term will be five (5) years from the date on which a contract is awarded by the Plans. The contract may be renewed for an additional term based upon the discretion of the State Investment Commission.

IV. Preparing Proposals: Required Information

Each RFP must contain all of the following documents and must conform to the following requirements.

A. Format of Proposals

Qualifications should be prepared on “8½ x 11” letter size paper (preferably recycled), printed double-sided and bound on the long side. The Plans encourage using reusable, recycled, recyclable and chlorine-free printed materials for bids, proposals, reports, and other documents prepared in connection with this solicitation.

Sections should be separated by labeled tabs and organized in accordance with subject matter sequence as set forth below.

V. Evaluating Proposals

The State of Rhode Island will review and evaluate the Proposals, as described below.

The State of Rhode Island will first examine proposals to eliminate those that are clearly non-responsive to the stated requirements. Therefore, respondents should exercise particular care in reviewing the proposal format required for this RFP.

In evaluating the proposals, all aspects of the required services will be fully evaluated. The State may consider any factors it deems necessary and proper for best value, including but not limited to:

1. Commitment to onsite employee enrollment, ongoing communication, customer service, and employee education. This includes an understanding of the DB plan at a level where a member can be assisted on their full retirement package as it relates to their state employment.
2. Data-management services, including creation and maintenance of employee data, transaction data and history, interfaces with suppliers and Payroll, and other recordkeeping and administrative functions, including compliance.
3. Overall cost structure.
4. Size, structure, resources, and experience in providing defined contribution and deferred compensation services that are similar in size and scope to that of the Plans.
5. Open architecture investment platform.

DRAFT

6. Breadth of lifetime income options.
7. Investment advisory services.
8. Coordination: Respondent should have the ability to transfer data to the Employees' Retirement System of Rhode Island (ERSRI) in a format that both parties deem usable.
9. Responsiveness: The State will consider the completeness and accuracy of Respondent's Proposal.
10. Financial Stability: Respondent must be financially stable, helping to ensure performance over the duration of the services.
11. Compliance with Laws, Ordinances and Statutes: The State will consider Respondent's compliance with all laws, ordinances, and statutes governing the services and of the respondent.
12. Conflict of Interest: The State will consider any information regarding a Respondent, including information contained in a Respondent's proposal, that may indicate any conflicts (or potential conflicts) of interest which might compromise the Respondent's ability to successfully perform the proposed services or undermine the integrity of the competitive procurement process. If any Respondent has done any work for the Plan in researching, consulting, advising, drafting, or reviewing this RFP or any work related to this RFP, such Respondent may be disqualified from further consideration.
13. Legal actions, if any, against or by Respondent and any division, subsidiary or parent company of Respondent.

Selection Criteria

The State will evaluate all proposals according to the factors and weights listed below. Evaluation will be done in two phases as described:

- *Phase One:* Will utilize all factors below but **pricing for winning ONLY the 401(a) and FICA plans**. This evaluation will result in a winner for just the 401(a) and FICA plans.
- *Phase Two:* Will utilize all factors below but **pricing for winning ONLY a 457(b) component**. This evaluation will result in the top three most competitive proposals for just a 457(b) component.
 - **For the winner of Phase One, pricing provided for winning the 401(a), FICA & a 457(b) component will be used instead of the 457(b) only pricing.**

Those Contractors that score in the Competitive Range may be invited to make presentations to the State. Each proposal will be scored on a scale of 0 to 100, with 100 being the highest. The major evaluation categories are listed below:

1. **Experience of Contractor (15 points)**, including but not limited to:
 - a. Financial condition

DRAFT

- b. Public sector 401(a) and 457(b) experience respective to the phase being scored
 - 1) Number of similar plans
 - 2) Number of public sector participants
 - c. Quality assurance
 - d. Prior performance record (including references)
 - e. Experience of transition and ongoing teams
2. **Proposed Plan of Work (40 points)**, including but not limited to:
- a. Timeliness of transition plan
 - b. Participant communication
 - c. Participant education
 - d. Investment advisory services
 - e. Recordkeeping and administration
 - f. Dedicated field representatives
 - g. Reporting to the State
 - h. Participant services (1-800, VRS & Internet)
 - i. Technology management
3. **Investment Services (20 points)**, including but not limited to:
- a. Breadth of standard investment platform
 - b. Breadth of capital preservation offerings
 - c. Breadth of lifetime income options
4. **Cost (25 points)**, including but not limited to:
- a. Transition costs;
 - b. Recordkeeping and administration costs;
 - c. Optional participant services (e.g. unforeseeable emergency withdrawal requests & QDROs)
 - d. Other administrative/operational costs (if any)
 - e. Costs for Managed Account Services

Minimum Qualifications of Service Provider

Respondent(s) must meet all of the following minimum qualifications to be given further consideration. If a proposal is submitted by a company that does not satisfy the minimum qualifications it will not be reviewed or considered. **The incumbent providers are exempt from satisfying the minimum requirements.**

1. Respondents must certify that they are a qualified firm to provide administrative services pursuant to Sections 401(a) and 457(b) of the Internal Revenue Code, including all rules and regulations of the State of Rhode Island.

DRAFT

2. Respondents must have the ability to offer bundled administrative services (i.e., recordkeeping/administration, communication/education, custodial trustee services, and investment advisory services), as well as an open architecture investment platform. Respondents may propose a multi-vendor solution; however, the respondent is ultimately responsible for the overall relationship.
3. Respondent must have at least **ten (10) years' experience** in providing the proposed services and products to the public sponsor defined contribution marketplace.
4. Respondents must administer a minimum of **three (3)** 457(b) deferred compensation plans and **three (3)** tax advantaged governmental plans of similar size.
5. Respondent must also have at least **three (3)** plans where you administer both the 457(b) deferred compensation plan and the tax advantaged governmental plan.
6. Respondent must have a minimum of **\$2 billion** under administration for public sector plans.
7. Respondent must have at least **three (3)** public sector 457(b) plans each with **3,000** or more participants.
8. Respondent must have at least **three (3)** tax advantaged governmental plans each with **30,000** or more participants.
9. Any relationships proposed to provide services offered in this RFP must have been in place for at least **five (5)** years and provide services to similar plans (size and demographics).
10. Respondents who elect to provide investment advisory services/onsite services utilizing a joint-venture must have a minimum of **five (5) years'** experience with the proposed service provider.

Service Provider Preferences

1. Respondents should be able to accommodate an October 1, 2023 implementation date.
2. Respondents should have the capability to establish a two-way data interface with the Plans and will be solely responsible for timely, accurate transmission and, as appropriate, editing and validation of data for processing enrollments and contribution activity. The successful service provider will absorb all of the Plans' programming costs to accommodate any changes to its payroll system.
3. Respondent shall transfer data to the Employees' Retirement System of Rhode Island (ERSRI) in a format that both parties deem usable.
4. Respondent should have a Statement on Standards for Attestation Engagements (SSAE) 16 Audit conducted at least annually and provide their most recent SSAE 16 as part of their response to this proposal.

DRAFT

5. Respondents should have its IT security and systems tested regularly as part of the SSAE 16 or through a separate IT audit and provide the results as part of their response to this proposal.
6. Respondents must provide field service representatives to support the on-going consultation to all the Plans' participants located throughout the State. Representatives should provide enrollment, education and participant communication services and **may not have commission-based compensation or any financial incentives to promote any investment product or services.** The selected vendor must have field service support available by August 2023 to commence the new plan roll out.
7. Respondents should be able to maintain and track participant contribution rate changes and report an electronic feedback file with updated information to payroll so that they can in turn update their payroll deduction records.
8. Respondents should be solely liable and responsible for any processing errors of the provider or its agents. In the event of a participant's loss of interest and/or dividend and/or principal due to an error by the selected respondent or its agent in processing transactions on behalf of the participant, the selected respondent agrees to adjust the participant's account to the same position as if the processing error had not occurred.
9. Respondents should be able to provide the daily ongoing administration of a Roth 457(b) provision. This feature is not offered under the current plan design but is being considered by the State.

Any responses not meeting the minimum qualification may be considered, at the sole discretion of the State, as non-responsive. While the service provider preferences are not required, the State strongly prefers the selected bidder to have all qualifications.

As part of the evaluation process, the State will review the information required by Sections II, III and IV for each Proposal received. The State may also review any other information that is available to it, including but not limited to information gained by checking references and by investigating the Respondent(s) financial condition.

The Plans reserve the right to seek clarification of any information submitted by any Respondent in any portion of its Proposal or to request additional information during the evaluation process. Any material misrepresentation made by a Respondent may void the Proposal and eliminate the Respondent from further consideration.

VI. Confidentiality

Treasury shall treat all documents submitted by a Respondent in response to this RFP as public records upon the selection of legal counsel. The release of public records is governed by Rhode Island General Laws §38-2-1 et seq. ("APRA"). Respondents are encouraged to familiarize themselves with this law before submitting a proposal.

DRAFT

By submitting a proposal, Respondent agrees that Treasury and/or the State may reproduce Respondent's proposal for purposes of facilitating the evaluation of the proposal or to respond to requests for public records. Respondent consents to such reproduction by submitting a proposal and further warrants that such reproduction does not violate its rights or the rights of any third parties.

Any request by Respondent that records submitted by them be exempt from being considered public record must be included in the cover letter with the Respondent's proposal. In addition, Respondent must enumerate the specific grounds upon which the APRA or other applicable law supports treatment of the documents as exempt from being considered a public record, and further, the factual basis, if any, upon which they rely in asserting that the documents should be exempt. Any request for treating records submitted as being exempt must also include: the name, address, and telephone number of the person authorized by the Respondent to respond to any inquiries by the Treasurer and/or the State regarding such an assertion.

Any proposals submitted which contain non-public records must be conspicuously marked on the outside as containing non-public information, and each page upon which non-public information appears must be conspicuously marked as containing non-public information. Identification of the entire proposal as being non-public records may be deemed non-responsive and may disqualify the Respondent.

If the Respondent designates any portion of the proposal as being a non-public record, the Respondent must submit one (1) copy of the proposal from which the non-public record is deleted or redacted. This copy shall be submitted in addition to the number of copies requested in Section I of this RFP. The non-public records must be excised in such a way as to allow the public to determine the general nature of the information redacted and retain as much of the proposal as possible.

Treasury and/or the State will treat the records marked as non-public as being confidential information to the extent such information is determined confidential under the APRA or other applicable law or by a court of competent jurisdiction. The Respondent's failure to request records submitted as being non-public records will be deemed as a waiver of any right to confidentiality, which the Respondent may have had.

Confidentiality Requirements Related to Plan Information

All of the reports, information, or data, prepared or assembled by or provided to the Respondent in this RFP are confidential. Except as may be required by law, the Respondent will not make available such reports, information, or data, to any other individual or organization and will use the reports, information or data only to assist in preparation of Respondent's Proposals.

Additional Details of the RFP Process

A. Addenda

If it becomes necessary to revise or expand upon any part of this RFP, an addendum will be sent to all of the prospective Respondents that have completed the Notice to Respondent Form.

B. Plan's Rights to Reject Qualifications

The Plans reserve the right to reject any and all Proposals that do not conform to the requirements set forth in this RFP; or that do not contain at least the information required by Sections II, III and IV, below or for any reason.

C. No Liability for Costs

The Plans are not responsible for costs or damages incurred by Respondents, team member(s), subcontractors or other interested parties in connection with the RFP process, including but not limited to costs associated with preparing the Proposals and of participating in any finalists' presentations or negotiations.

Section 1: Scope of Services

Purpose/Objective

The State of Rhode Island 401(a) Defined Contribution Retirement Plan and 457(b) Deferred Compensation Plan (“Plans”) are seeking competitive proposals from qualified organization(s) to provide recordkeeping/administration, communication/education, onsite education, investment advisory, investment management and custodial trustee services.

The State expects to award either three or four contracts for this proposal. Pursuant to Rhode Island General Laws (R.I.G.L.) §36-13-1(b), the State is required to maintain three vendors in the 457(b) program. The 401(a) vendor also administers a FICA Alternative Retirement Income Security Program. Through this proposal process, it is possible that one vendor could win a 457(b) component and the 401(a) and FICA plans.

Any vendor that is selected for the 401(a) plan will also be required to administer the FICA plan.

The Defined Contribution Retirement Plan is a defined contribution (money purchase) plan that operates under Section 401(a) of the Internal Revenue Code (IRC). The Plan is established pursuant to R.I.G.L. 36-10.3 et seq. The Plan was effective as of July 1, 2012.

The 401(a) Plan is currently administered by TIAA who provides plan administration, recordkeeping, investment management, communication and education, participant services (1-800, VRS & Internet) and onsite education. The Plan has approximately \$1.4 billion of assets and 41,353 accounts.

TIAA also administers the FICA Alternative Retirement Plan, which has approximately \$3.6 million of assets and 2,008 accounts.

The 457(b) Program currently has three service providers: Fidelity Investments, TIAA and Voya Retirement Services. They provide plan administration, recordkeeping, investment management, communication and education, participant services (1-800, VRS & Internet) and onsite education. Fidelity has approximately \$164.8 million of assets and 1,899 accounts, TIAA has \$48.7 million of assets and 1,347 accounts and Voya has \$202.9 million of assets and 4,471 accounts.

The 457(b) program has approximately 14,500 eligible employees. The vast majority of active 457(b) participants have a 401(a) account, but not all. Participants that are retired or separated from service may or may not have a 401(a) account. There are also participants whose organizations do not participate in the 401(a) who are able to contribute to the 457(b) plans.

If a 457(b) service provider is deselected, the State will make its best efforts for those assets to move to the newly selected provider. However, participants will

DRAFT

be given the choice of assets mapping to the new service provider or choosing among the remaining providers.

Additionally, if there is more than one 457(b) vendor deselected, the State expects to award 457(b) assets based on 457(b) scoring and subsequent ranking.

For additional information, the Plan documents for the 401(a) Plans and 457(b) have been included in the Appendix to this RFP.

As noted above, the State is required to have three, 457(b) vendors. It is possible that a vendor could successfully bid on a piece of the 457(b) and the 401(a) and FICA.

Scope of Services

Implementation Services

The successful respondent will be required to provide a detailed plan transition strategy along with communication materials to explain any new plan changes and enhancements. The potential conversion from the current plan provider to a new provider will require you to provide an explanation of the process, blackout period and reconciliation of plan assets to the individual participant records. It is required that onsite support team be in place prior to the actual transition date.

The implementation will be crossing the Plans' fiscal year. Detailed reconciliations of assets at the plan and member level will be required.

Administration and Recordkeeping Services

The successful respondent will be required to provide detailed information about their recordkeeping and administrative systems and use of technology. Important factors include the ability to process payroll deductions, monitor compliance, daily processing of participant transactions, provide timely and accurate participant statements and financial statements. The respondent must have in place a toll-free customer center, voice response services and internet services that allow participants access to their accounts.

Employee Communication, Education, and Enrollment Services

The successful respondent will be required to provide a comprehensive employee communication and investment education program. Communication services are to be supported by customer service representatives and comprehensive Internet services that provide participants with interactive financial and retirement planning tools and software. A dual high-touch, high-tech approach will be required to provide the participants with all of the necessary financial information and data to make informed investment decisions related to their elections. Please note that respondents are able propose a multi-vendor solution; however, the respondent is ultimately responsible for the overall relationship.

DRAFT

An explanation that outlines your firm's capabilities in designing and implementing a communication and education strategy will be required for both the initial transition and ongoing process. The goal is to identify a respondent that offers comprehensive communication and education services supported by field representatives to accommodate the needs of the employees located throughout the Plan. In addition to your core communication services, it is the expectation that your field service representatives will be available to provide one-on-one counseling and investment advisory services. ***Additionally, the State requires that all onsite representatives be able to discuss the State's Defined Benefit Plan's features in addition to the DC component.***

The compensation structure of the field service representative should not allow for any cross selling of any investment products or services, unless the bidder provides services on both the 401(a) and FICA and a 457(b) component, in which case they would only be allowed to cross-sell this one product. Compensation and incentive awards for your field representatives must be structured to maintain an objective and unbiased distribution of investment products and services to the Plans' participants.

Your proposal should clearly define the number of field service representatives that will be devoted to this relationship, their compensation structure, and ability to provide one on one participant level investment advisory services.

The successful respondent will be required to assist employees with the completion of enrollment forms, verify the completeness of the forms and coordinate the institution of salary deferrals with the Plan's payroll system.

The winning 401(a) respondent must be willing to provide a permanent field representative at 50 Service Ave, Warwick, RI if requested by the State. The State will provide the office space and IT/phone equipment.

Trustee/Custodial Services

The successful respondent must provide trustee/custodial services for the Plan or arrange for trustee services with an outside party. Any additional costs for trustee/custodial services are to be fully disclosed in the fee section of this Request for Proposal.

Investment Management Services

The Plans are interested in selecting a service provider that offers an attractive and flexible array of investment options.

The liquidity provisions on the capital preservation options are below. A determination will be made by the SIC, regarding the capital preservation options, based on the best interests of the Plans' participants.

TIAA 401(a): TIAA Stable Value—within 90 days of discontinuance date or two years from discontinuance date

DRAFT

Fidelity 457(b): T. Rowe Price Stable Value Common Trust— Provide written notice to the Trustee, which written notice is received by the Trustee and is entered into the records of the Trustee at least twelve (12) months or thirty (30) months, as applicable, prior to such Valuation Date (collectively, the “Advance Notice Period”).

Voya 457(b):

- Voya Fixed Account 457 II A:
 - Sponsor Full Withdrawal/Surrender Restrictions - Sponsor chooses between Market Value Adjustment (MVA) and Extended Book Value Payout (over a period not to exceed 60 months) at the time of surrender.
- Voya Fixed Account:
 - Sponsor Full Withdrawal/Surrender Restrictions - Sponsor chooses between Market Value Adjustment (MVA) and Extended Book Value Payout (over a period not to exceed 60 months) at the time of surrender.
- Guaranteed Accumulation Account:
 - Sponsor Full Withdrawal/Surrender Restrictions - Withdrawals from GAA before maturity date are subject to an MVA.

TIAA 457(b): TIAA Traditional—Paid in 60 monthly installments without any surrender charge; 90-day advanced notice required

Fees

The State will carefully examine all the costs associated with each provider’s products and services. Each respondent will be required to fully disclose fees based on the plan information provided in this RFP.

Currently members, representing approximately 3,000 individuals, earning less than \$35,000 indexed in a calendar year do not pay the plan admin fees within the 401(a) Plan, as the State reimburses the plan vendor from its revenue credit account to compensate the vendor servicing for these accounts:

§ 36-10.3-13 Waiver of administrative fees.

Any plan administration fees assessed to members of the plan after July 1, 2015, shall be reimbursed by the state for any member whose annual compensation is thirty-five thousand dollars (\$35,000) or less, said dollar amount to be indexed annually in the same percentage determined under § 36-10-35(h)(1)(B).

History of Section.

(P.L. 2015, ch. 141, art. 21, § 10.)

DRAFT

Preparation Costs

All costs incurred or in any way associated with the qualification's preparation, response, submission, presentation, or oral interviews shall be the sole responsibility of the respondent and shall not be reimbursed by the Plans.

As part of the vendor selection criteria, the State is looking for a respondent that has the capability of dealing directly with both the 401(a) and 457(b) Plans. For these programs to be a success, an administrative process must be in place to address the needs of all eligible employees.

The State wants to develop a relationship with a respondent who will offer strong and competitive fund choices, accurate and timely recordkeeping services, and administer the Plans within pre-described service standards. It places a high value on finding a respondent that meets the following qualifications:

1. **Focus on Quality and Consistency of Service Delivery**
 - a. Adheres to successful quality assurance procedures;
 - b. Follows a successful problem resolution methodology;
 - c. Has a history of performing services on a timely basis;
 - d. Performs services correctly and accurately every time;
 - e. Provides accurate and consistent responses to inquiries; and
 - f. Provides reports on quality assurance.
2. **Proactive Approach**
 - a. Educates participants through participant friendly communications;
 - b. Educates participants by providing informed toll-free customer service center and field service representatives; and
 - c. Provides on-going on-site visits to individual Plan groups for participant enrollment and group meetings.
 - d. Participates in on-going employee training sessions that discuss retirement planning issues, including one-on-one individual financial advising.
3. **Commitment to Technology Development**
 - a. Keeps up to date on technological developments such as Internet access and mobile app.
 - b. Continuously invests in enhanced technology; and
 - c. Demonstrates improvement (accuracy, timeliness, etc.) in client service through technological enhancements.

Finalist Presentations

The State, at its discretion, may conduct finalist presentations to a short-list of respondents based on the initial scoring.

The purpose of the finalist presentations is to give each finalist an opportunity to further explain its qualifications, services, and capabilities.

DRAFT

When final presentations are made to the State, it is expected that each respondent will bring to the meeting those people who will work directly with the State, if respondent is successful.

Travel expenses and costs related to the interview will be the responsibility of the respondent.

Exceptions/Additions

Any replacement language proposed by a respondent will be submitted for clarification only, and is understood to be contingent upon the State's acceptance. The State assumes no obligation to accept, reject, or negotiate proposed replacement terms or conditions with the successful respondent.

The respondent is responsible for clarifying any ambiguity, conflict, discrepancy, omission, or other error in the Request for Qualifications before submitting the proposal; otherwise, the right to raise such issues shall be waived.

10. How many similar conversions have you done where you have converted both 457(b) and 401(a) programs?

Oversight of the Defined Contribution Plan

Background: The Employees' Retirement System of Rhode Island (ERSRI), consistent with RIGL §36-10.3-1 (7), oversees a defined contribution (DC) plan for members which is part of the overall "hybrid" pension benefit plan. The DC plan is currently administered totally by TIAA and ERSRI is reliant on information provided by TIAA for financial reporting purposes. No independent records are maintained by ERSRI for the DC plan

DRAFT

activities. The System requires sufficient information to support effective compliance monitoring and financial reporting for the defined contribution plan.

ERSRI does not receive information on the employer remittance of employer and employee contributions to the DC plan and therefore has limited information to ensure employer compliance with the DC plan provisions.

Contribution compliance monitoring must be included within the product being offered by the successful vendor to allow ERSRI to verify and perform reviews of the risk-assessment process to determine effective controls are in place.

1. Accordingly, bidders should provide details on compliance monitoring software and or procedures to allow ERSRI to monitor compliance with contribution requirements and to validate reporting by the successful vendor.
2. Vendors should identify their DC monitoring plan to allow ERSRI to ensure and protect member plan balances, ensure compliance by the plan administrator, and have enhanced controls over financial reporting of the DC plan to allow ERSRI with the overall financial reporting.

Section 3: Investment Management Services Questionnaire

It is the State's expectation that the investment line-up will be determined by the State Investment Commission. If any changes are deemed appropriate by the State Investment Commission, changes are expected to occur during the implementation and will be structured to meet all revenue requirements.

Investment Management Services

Retirement Income

1. Detail the types of retirement income products available on your platform, including but not limited to managed payout target date funds and target date funds with an annuity feature.
2. How many of your recordkeeper clients are utilizing a retirement income product? Please detail by type of product.
3. Describe your proprietary retirement income products, including the name, brief description (how the product addresses decumulation), and guarantees (if applicable).
4. How has your firm assisted clients with participant education/communication regarding retirement income/decumulation products?
5. Describe your firm’s willingness to add non-proprietary retirement income products to your platform.

Section 4: Fees

Evaluation will be done in two phases as described:

Phase One: Will utilize all factors outlined above but **pricing for winning ONLY the 401(a) and FICA plans**. This evaluation will result in a winner for just the 401(a) and FICA plans.

Phase Two: Will utilize all factors outlined but **pricing for winning ONLY a 457(b) component**. This evaluation will result in the top three most competitive proposals for just a 457(b) component.

- **For the winner of Phase One, pricing provided for winning the 401(a), FICA & a 457(b) component will be used instead of the 457(b) only pricing.**

The initial contract term will be five (5) years from the date on which a contract is awarded by the Plans. The contract may be renewed for an additional term based upon the discretion of the State Investment Committee.

1. What are the factors you consider in determining future fee decreases and when they are to occur?
2. How are fees adjusted if a sizable number of participants are added or removed from the Plans?
3. If a participant has multiple accounts in the Plans, will they be charged for each account?
4. Provide other alternatives not outlined in this proposal that could result in the lowering of participant fees. Be clear in your response and provide the condition and the result.
5. Are you able to return revenue directly to participant accounts from which it was generated? If no, are you working on this capability?
6. Briefly describe any additional fee leveling capabilities. What different arrangements are available?
7. Would there be an additional cost to implement a non-proprietary retirement income product to your platform?
8. Detail how your fee would change if the capital preservation option was replaced, including with a proprietary product vs. a non-proprietary product.
9. How many onsite participant meetings are included in your proposal? The State is looking for your best ideas for providing services to the Plan. The status quo should not be used as a basis for recommending a servicing model.

Based upon the information supplied in the RFP, please complete the cost structure charts on the following pages. It is critical that you provide complete information so that fees can be compared on an equitable basis. If there are additional fees not listed, describe them, in detail, under “comments.”

DRAFT

If assumptions are necessary, please fully explain your assumptions and quote the related fees on a unit cost basis, if possible.

Service providers can freely solicit participants amongst the 457 Plan providers. *If there is more than one 457(b) vendor deselected, the State expects to award 457(b) assets based on 457(b) scoring and subsequent ranking.*
